CABAL SILENT GENOCIDE (Updated)
Exposing The Beast System: Scalar Matrix Torture and Gangstalking
for Loosh Energy Harvesting
2024

“And yet the individual is handicapped by coming face to face with a conspiracy so monstrous that he cannot believe it exists.”
J Edgar Hoover, FBI Director

“I believe that this industry and the part of the government which is encouraging them will be responsible for more civilian deaths and suffering than all the terrorist groups in the world ever. With the growth of the industry over the past 15 years I would say now that these people are probably going to cause more death and suffering than the entire second world war. And is that genocide? Yes without a shadow of a doubt.”
Barrie Trower, MI5

70% of the population has sold out to the cabal and is participating in a massive global conspiracy to systematically destroy your life and covertly torture you to death.

The cabal is attempting to fully implement the New World Order on this planet, a complete techno-dystopian tyranny under "satan". If you have been assessed to hold conscious anti-NWO sentiment you are currently being targeted by a massive system attempting to methodically torture and eliminate you. This system is called The Beast System and it is composed of two aspects: a global matrix of scalar (frequency) torture technology and an organized global gangstalking network (70% of the USA population by my estimates, lower globally).

While the end goal of The Beast System is your death it is also attempting to harvest your energy through heavy scalar attack and engineered chaos in your life. If you emotionally suffer while this torture is being imposed upon you you are feeding this system your energy.

You need to be informed of The Beast System and how it operates so you may better navigate and succeed in life in spite of it. The cabal will attempt to finalize their slow play for world domination in this lifetime but their plans are destined to fail. It is written. God and the Light is more powerful than "satan" and his army. It is ultimately not a contest but an illusion. All darkness upon this planet is about to be exposed and collapsed and a Golden Age will be birthed like a Phoenix.

Scalar Matrix

The cabal has developed and received advanced technology behind the scenes through a variety of means. They stole from Tesla upon his death, reverse engineered from Roswell and other UFO crashes, and have been gifted technology from negative-aliens/demons in exchange for incremental control of our world. They have cures for all diseases and free energy. They have breakaway civilizations, secret space programs (SSPs), and an Interplanetary Corporate Conglomerate (ICC).

The most advanced of this technology is quantum computing beyond anything conceived publicly. The cabal quantum computer network is centralized and laced as a backbone behind the global electronic grid of satellites, cell towers, electricity, personal tech, etc. so that the grid is able to effectively operate as one giant computer.

There is constant mass microwave (and other types of scalar frequency) radiation emitting from the electronic grid. This basically floods the space of the surface of this planet with a scalar field. The quantum computer network then organizes all electronics and humans as identifiable nodes on a network through this mass scalar field. This is the Internet of Bodies (IoB) and the Wireless Area Network (WAN) which I will talk more about further in the article.

The cabal quantum computer network is vacuuming and hyper-organizing world-society metadata of all electronic information through black backdoors. Then it is intelligently utilizing the mass scalar field to live-record and download the active physical world through scalar

telemetry to create a real time digital replication called the Digital World. It is a simulation of reality. Then through scalar biotelemetry the electronic grid records and emulates the active physiology of human beings as Digital Twins in this world.

This gives the cabal enormous surveillance capability because it allows them to view anything or anyone on the surface of the planet recorded or in real time through the Digital World. Please watch The Dark Knight 2008 and Allegiant 2015.

The electronic grid has also been weaponized with harmful scalar frequency programmability that is incrementally (cell phone —> cell towers —> HAARP, etc., will be discussed later) controllable through remote operation. For convenience sake we can call the electronic grid and the Digital World the Scalar Matrix because it is a global electronic matrix grid of digital world surveillance with scalar weaponization.

The Scalar Matrix is weaponized because all devices associated with it are able to attack you by shooting scalar frequency at you. These attacks are directed by gangstalkers in your local environment or remotely by the cabal. You are not able to see these attacks with your eyes or (usually) hear them with your ears. They go unnoticed unless you have become sensitive to it or develop extra-sensory perception (ESP) because they are subtly and progressively imposed through the air. It is not healthy for the human being to be constantly bombarded with unnatural radiation regardless but these attacks are all specifically designed to attempt maximum damage. They torture and attempt to steer your behavior through damaging your body, cognition, and emotion. They attempt to make you function sub-optimally.

Cabal Gangstalking

We live in the film They Live 1988.

I estimate 70% of the USA population have sold out to the cabal and are working with this system. They are all complicit in serious war crime against the civilian population for organized psychological warfare, torture, and genocide either through action or association. They are gangstalkers who operate under cabal direction.

My main source for estimating such a large complicit populace is Sabrina Wallace and her information is linked in the reference section at the end of this article. She is a whistleblower from DARPA/Space-Force and a black projects survivor.

I understand this is a bold claim but the cabal is able to easily hide such a large complicit populace because gangstalking and scalar torture is all covert meta-behavior harassment. The advanced technology allows for the whole system to operate over the innocents' head (on another level). Additionally all information on this planet is meticulously remotely monitored with this technology. There are sophisticated operations from all cabal-run world government intelligence and military agencies to eliminate all hard evidence of secret space programs, ETs, undisclosed technology, and gangstalking.

The cabal (1%) are paying gangstalkers (69%) to partake in a giant Truman Show 1998 where they are the actors and you (30%) are Truman. They are operating in a completely different and cruel world in front of our very eyes. It is a dirty secret that they are all in on. “They Live” while you sleep.

The cabal has extensive psycho-behavioral profiles on everyone. Just as they are able to quantum-identify who carries conscious anti-NWO sentiment (resistance), they are also able to identify individuals who are likely to sell out to the system (cannon-fodder). The cabal approaches them and offers the system, which is basically selling your soul to torture the innocent collective in exchange for financial and health relief under cabal systemic-control. These individuals are willingly becoming torturers in a massive conspiracy and enjoy it.

They are given varying degrees of access to the Scalar Matrix surveillance and weaponization capability based upon the advanced technology they have. At the top end of this advanced technological capability they are able to have access to a targeted individual’s real time activity through the Digital World. They are able to read your mind if you are psychically unadvanced enough to defend your cognition. They use the Scalar Matrix system to torture you with scalar attacks and watch to see if you react to them. If you react with (subtle or overt) emotional, cognitive, or physical distress they sadistically laugh at your suffering. They are trying to dumb you down (by torturing your brain with scalar attack) and make you operate sub-optimally.

They have degraded their consciousness to basically that of a rabid animal. They are able to pass as psychologically normal and socially function-able among the population because of the intense power-control high and gaslighting dynamic that has been established, but underneath their facade is psychosis and chaos.

You can simply imagine there is a line between those who are in on this massive conspiracy and those who are not. When you cross this line there is no going back. There is a US Air Force Special Access Projects (SAPs) mission patch that states “A Lifetime of Silence Behind the Green Door”. They vow to partake is a lifetime of silence from those not in the know. Unfortunately some of your family, friends, acquaintances, and/or daily strangers you interact with could be involved in this system without you even knowing. They could be gaslighting you and playing dumb. It’s easy because the operating intelligence gap across “the Green Door” is artificially made large due to advanced technology enhancement. They are artificially operationally supported through whatever black technology they are using.

I would like to take this a step further and designate all gangstalkers and undisclosed advanced technology associated with this system to be “Behind the Beast” because the Scalar Matrix and Cabal Gangstalking operate in conjunction under The Beast System.

The Beast System

A group of cabal Italian black nobility families believe they are and attempt to function as covert world dictators who plan to soon be openly recognized. I would like to specifically name the Orsini and Pallavicini families. All of these families are behind and are the Jesuit Order centrally operating from Vatican City, Rome, Italy. They attempt to run the world from the Holy Roman See triangle (Vatican City, City of London, Washington D.C.). I will call them the Jesuit Order for simplicity's sake because this is their operating hand for attempted world domination but I want to emphasize that the Italian black nobility are behind the Jesuit Order.

The Jesuit Order believes they already own the world through coercion and financial ownership of all major governments, industry, and criminality. All open and illicit financial (unguarded) resource of the world society is being systematically vacuumed to the vatican by way of controlled inflating fiat petrocurrency and they have attempted to buy everything and everyone with it. They have extensive financial capability. They are the headship of and puppet the rest of the cabal negative occultic societies (Rothschild Khazarian Mafia Zionists, Illuminati, etc.).

The Jesuit Order works with the demonic realm psychically. They are unconscious cannon fodder for satanic delusion. They currently work with 3 aspects of what they believe to be "satan": satan's "spirit", the "anti-christ", and "the beast". The "anti-christ" is a member of the Jesuit Order who they believe to be satan incarnated born in the year 2000. "the beast" is an advanced quantum computer that is operating under the Jesuit Order's jurisdiction.

The Beast System is the global extending operating arm of "the beast" controlling head. "the beast" is the main quantum computer behind the Scalar Matrix. "the beast" is the tool by which the Jesuit Order command the global gangstalking network. Satan and the Jesuit Order operating "the beast" are attempting to finalize the NWO with a silent global genocide of all resistance through the Scalar Matrix and Cabal Gangstalking of The Beast System.

This essentially makes the surface of this planet a torture death prison wardened with a computer in Rome. Please watch Star Trek "Return of the Archons" 1967 (landru).

I would like to mention two other occultic society threats to this world that operate with advanced quantum computers. They are in competition with and work under the Jesuit Order. These quantum computers are also a part of The Beast System. All of these lunatics lust for world domination. The first is Israel and the Rothschild Zionists. They have a Unit 8200 military base quantum computer in a DUMB under Urim, Israel. The second is the Rockefeller US Military-Intelligence-Industrial-Complex. They have an NSA Utah Data Center quantum computer in a DUMB under Orem, Utah, USA.

Please watch Society 1989.

The cabal are (ca)nni(bal)s. Their total modus operandi can be summarized quite easily: rape, torture, and cannibalize. They sometimes cannibalize while the victim is still alive. The victim is often an innocent child.

They are currently mass trafficking children globally for sex slavery and cannibalization. They have private islands where they hunt down children for sport to then rape, torture, and cannibalize them. The Jesuits wear red shoes crafted from the blood-stained skin of murdered children. They bathe in the blood of children. They are constantly ritually sacrificing children, adults, and animals to satan.

This is pure dysfunctional evil and it is all done for a psychotic high and spiritual "power". Adrenalized blood is the epitome of a hard drug because it is the ultimate temporary high. When you consume it you feel "good" and enhanced psychically, intellectually, and physically but lose your soul. When someone ritually sacrifices to satan they exchange their soul energy for increased spiritual "power" through The Beast System and its accompanying non-physical demonic systems. The Beast System is ultimately an attempted physical manifestation of the demonic realm and all technology and behavior Behind the Beast are echoes from non-physical black magic and negative spiritual reality hell. Ultimately this entire reality is an illusion based upon misinterpreted psychic perception. It's not real.

The cabal and many gangstalkers are using kabbalistic "black magic". "black magic" and "black technology" work together. Scalar torture is the physical manifestation of black magic attack and the Digital World is the physical manifestation of the astral/psychic realm. The weaponized Scalar Matrix basically makes "black magic" more effective, they go hand in hand. A lot of gangstalkers are trying to implement black magic through scalar matrix torture, but the focus of this article is more on the technology because the black technology is physical whereas black magic and astral/psychic attack is metaphysical.

Exchanging your soul for a psychotic high and "power" is the worst exchange you can make because the high and "power" are temporary illusions while the soul is eternal reality. Torture, rape, and cannibalization of innocent children is the ultimate insult to God and all demons who have partaken in such evil will stand trial before God and held fully accountable for their actions at the final meeting. If they are unwilling or unable to redeem themselves their souls will be extinguished and recycled.

This behavior does extend (in part) into the global gangstalking network. More "average people" are secretly "satanists" (or "luciferians") who partake in Satanic Ritual Abuse (SRA) than you would expect. Gangstalkers are acting under "satan's" jurisdiction regardless by selling out to The Beast System. Just as real evidence of gangstalking and advanced technology is hidden Behind the Beast so too is SRA.

You know how at the end of American Psycho 2000 Patrick Bateman got away with all of his murder? That is literally a (cabal-hollywood-gloat) reference to cabal/gangstalkers staying hidden in their negative activity with The Beast System. The Beast System's "cloak of invisibility" surveillance protection is how they are able to globally mass-traffic children for sex-slavery under the nose of the public domain.

The two great global crimes of The Beast System besides systematic genocide of the targeted is the constant global sacrifice of this planet's children and ecosystem. The rape of oil, constant

demonic activity, regressive (rape) industry, hazardous pollution, and Scalar Matrix radiation imposes a constant physical and emotional torture upon the earth's biology. Free energy is hidden Behind the Beast and when it is released it will help restore the earth back to her former eden. Mother Earth is a living being and deserves much better treatment.

The Beast System operated by "the beast" and the Jesuit Order is indeed carrying out intensive systematic genocide of the targeted. They can summon enormous metadata on and precise real time 3D surveillance of most people on the planet within a second. They can orchestrate extensive covert life reduction campaigns upon individuals completely remotely through ordering scalar torture and gangstalking social sabotage with this system. This is all an attempt to execute you and an attempt to drain your life force energy as you do down (unless of course you are no longer a threat or (sub/)consciously submit (consent) to the NWO.

Energy Harvesting (loosh)

Please watch The Matrix 1999 again.

The cabal/gangstalkers have forfeited their self-sustaining God/soul connection and now seek a fleeting sadistic psychotic power-control high from doing harm to the innocent collective. They have abandoned their inside/God/soul energy source and have become parasites addicted to externally feeding off of the emotional suffering (loosh) of the victimized (crime, gangstalking, scalar torture, rape, torture, SRA, adrenochrome, cannibalization). Their intelligence is floated upon the current "the beast"-hijacked societal system and technology, but their consciousness has corroded to near 0. They hang on a cliff-edge to oblivion. They are hypnotized in a deep mind-control-slave trance puppeted by the demonic realm.

If they are not carefully rehabilitated back into relying upon their inside/God/soul self-sustaining energy-source connection they will go through the ULTIMATE WITHDRAWAL when they are inevitably systemically unrooted/cut-off from being able to parasite loosh (when The Beast System collapses). "evil" is a downwards (weak) stream of depravity and if they have not resisted or attempted to walk up-stream (unable/unwilling to return to the Light) their souls will be extinguished and recycled (conscious-awareness reality experience eternally ceases to be) at the final meeting with God (when The Beast System collapses). They will be held fully accountable for all of their criminality because it has all been recorded by Higher Intelligence (Angelic Forces, extremely-advanced benevolent ET guardian-races).

They are attempting to upload their consciousness and achieve simulated immortality through their Digital Twin in the Digital World ("the beast", quantum computer network) but this "computer system" is about to be *turned off* and no sentience contained within will survive.

The Beast System acts as an enormous parasitic entity wrapped-around/superimposed-upon the innocent collective. It is actually a loosh-farm for the demonic-realm/negative-alien-agenda. There are also negative SSPs/ICC/breakaway-civilizations feeding off of the loosh from this

planet through this system connection.

Please watch Elysium 2013 and Rick & Morty “The Ricks Must Be Crazy” 2015.

The cabal and gangstalkers think they are winning in life because they are getting high off of loosh. They are addicted to the power-control high of operating “over-the-heads” of the innocent collective through advanced technology enhancement. They are addicted to gangstalking and torturing victimized (targeted individuals) to death without the victimized even realizing it is happening.

Gangstalking is a sadistic addiction, just like adrenochrome. People are sometimes given adrenochrome to try and only after they have consumed the drug they are told where it comes from (adrenalized blood of innocent people tortured to death, often children). If people were told what it was before hand they would likely refuse (if they have a soul), but afterwards the high is so “good” that they sometimes do not care anymore how the drug was produced (forfeiting their soul because they give into the addictive temporary high).

The loosh high from gangstalking is similar. When they are introduced to the system (cross “the Green Door”) they get addicted to the loosh high of gangstalking and forfeit their soul and conscience because they are low-consciousness and weak-willed (cannon-fodder). Their behavior is reinforced through peer-pressure and all the gangstalkers around them participating in the same activity (“everyone else is doing it, I’d rather be on this side of the system”). Their consciousness slowly degrades to oblivion (monkey-orc brain, rabid animal) as they continue to covertly torture innocent people to death and the black advanced-technology erodes their brains (non-cognition).

The cabal and gangstalkers are able to get high off of loosh through a black 6th sense. The technology they have (Wearables, as I will discuss later) or “black magic” negative psychic training basically allows them to enjoy feeling the suffering of another. This is a very unnatural experience and is an inversion of the natural 6th sense that is inherent in the human being. Normally the suffering of other conscious life would trigger empathy or actual empathic shared suffering for the healthy human being that has developed their 6th sense naturally.

Please watch Rick & Morty “Amortycan Grickfitti” 2021.

They know what they are doing is very wrong but they cannot help themselves. They are addicted to the power-control high of being able to inappropriately infringe upon victimized’s privacy (surveilling your real time activity and cognition) whenever they want. The sadistic loosh high from gangstalking and torturing people to death (slowly, covertly) makes it so that these sick gangstalkers no longer care about the covert life reduction (“zersetsung”, decomposition) of the victimized in any way. They are able to “cleanly” torture people completely remotely hands-free with very little physical trace or evidence (though it’s all recorded by Higher Intelligence and God).

The Beast System currently hides all of their negative activity. They recklessly do severe harm

because they get high off of loosh and think they can get away with it. They either do not believe in or are not thinking about any sort of karmic retribution for their wickedness and blatant disrespect towards sacred human life.

A quote from “Silent Weapons for Quiet Wars”:

“It makes no obvious explosive noises, causes no obvious physical or mental injuries, and does not obviously interfere with anyone's daily social life. Yet it makes an unmistakable "noise," causes unmistakable physical and mental damage, and unmistakably interferes with daily social life, i.e., unmistakable to a trained observer, one who knows what to look for.”

A quote from Barrie Trower (Ex-MI5):

“If they want to experiment on you by the thousands they will. And you can be driven to insanity and death and you just become a tick in a box without any so much as a feeling. And this is what they do and this is why they are above the law. One of the experiments was to take an ordinary sane person, cause insanity, and have a psychiatrist who was unknown to everybody diagnose schizophrenia or paranoia or a psychiatric illness. That was a successful outcome. And the person will spend the rest of their life in an asylum in misery but to the government scientist that was a success.”

They are addicted to feeling they have control over a human being. While not all of them are constantly torturing they are still all complicit in serious war crime against the civilian (innocent) population for organized psychological warfare, torture, and genocide through mere association with this system.

The cabal has intentionally designed a moat (gap) of operating intelligence separation (from advanced technology enhancement) to make the gangstalking collective feel an intense pseudo-superiority high over the innocent collective. They have attempted to dumb down the collective through education sabotage and scalar torture and then boost operating intelligence through black advanced technology if people sell their soul to The Beast System. Gangstalkers feel like “torture-gods”. The cabal has flattered their sociopathic and psychopathic qualities in order to successfully use them as cannon-fodder to try to eliminate the NWO-resistant collective (noble-hearted, righteous). Quotes from “Silent Weapons for Quiet Wars”:

“The quality of education given to the lower class must be of the poorest sort, so that the moat of ignorance isolating the inferior class from the superior class is and remains incomprehensible to the inferior class. With such an initial handicap, even bright lower class individuals have little if any hope of extricating themselves from their assigned lot in life. This form of slavery is essential to maintaining some measure of social order, peace, and tranquility for the ruling upper class.”

“You have qualified for this project because of your ability to look at human society with cold objectivity, and yet analyze and discuss your observations and conclusions with others of similar intellectual capacity without a loss of discretion or humility. Such virtues are exercised in your

own best interest. So not deviate from them."

At the core of all this, the cabal and their gangstalking minions are just liaison cannon-fodder being used by the demons/negative-aliens behind them to gain access to loosh (God's innocent energy exploited/taken-advantage-of) (Energy Harvesting). They have sold out because they are weak and stupid, perfect tools to be deceived and used by depraved xenos negative (non-human) demonic/alien intelligence. Most of the loosh energy is siphoned through them to "the beast"/ "satan"/demonic-realm/negative-aliens. They "sold their souls" (the worst decision you can possibly make) and only get a small piece of the pie for it. "satan" givens them a temporary gangstalking high, "power", and wealth as a temporary distraction/toy to keep them "happy cannon-fodder".

The cabal is trying to make your life a living hell ("mind-control"). If you are connected to God through your heart (core/soul/spine(kundalini)) they can never be successful because God will always ultimately protect your conscious experience.

To make things simple you can imagine that The Beast System is Murphy's Law trying to be imposed upon your life from the outside: "Anything that can go wrong will go wrong, and at the worst possible time". I would estimate about 80% of your negative life experience is artificially attempted upon you from this system.

If you participate in emotional suffering (loosh-leaking) while this torture is done to you you are feeding the system your energy. If you do not try to resist this total theft of all your personal metadata you are (consenting/surrendering) letting it gain further control over your life. The Beast System is trying to eliminate you. To explain in detail how it is doing this I will categorize energy harvesting into two branches: unemotional life metadata telemetry (cold/data) and emotional suffering (hot/loosh). The two ultimately are one and the same. Information allows for influence and power over others who are less informed that may be abused to attempt to subjugate them.

Cold/Data
Unemotional Life Metadata Telemetry

The word telemetry comes from the greek tele = 'remote' and metron = 'measure'. Telemetry is remote measuring. The Scalar Matrix electronic grid infrastructure and accompanying digital world is constantly methodically and unemotionally remote measuring as much metadata on you as it is able. Its ultimate goal is complete assimilation of your essence as a Digital Twin into the Digital World for total control of you.

I will further break down this process into:
a Tech Metadata Collection
b 24/7 Life Activity Surveillance
c Bioneuraltelemetry (Mosquito Bite)
d The Digital World

a

Tech Metadata Collection

Edward Snowden whistleblew to the world how the NSA and global intelligence agencies were extensively profiling and accessing you through all your public and private internet and mobile metadata. It goes a step further than this because all the backdoors to all your personal non-internet data are open as well. At the back end of everything “the beast” through the Scalar Matrix is attempting to collect and hyper-organize every bit of information that has ever been surrendered by or about you on any piece of modern technology.

There is an extensive black profile of you Behind the Beast with the complete intention to weigh down, define, and control you based upon your assessed anti-NWO sentiment. There is already a black social credit system that has assigned your black profile a score based upon this evaluation. You are being blacklisted in life in this way. Anti-NWO sentiment is calculated through quantum analysis of all this tech metadata along with additional information received through 24/7 life activity surveillance and bioneuraltelemetry.

Those who are not Behind the Beast are at the bottom of the food chain of a world society superimposed with The Beast System. Information from this black profile is strategically handed out from the cabal to the global gangstalking network to systematically deploy covert life reduction campaigns upon you from every angle.

b

24/7 Life Activity Surveillance

Everything you’ve ever done and said has been surveilled, recorded, and downloaded into “the beast” with varying degrees of precision according to its developing controlled Scalar Matrix infrastructure. The Beast System is not perfect and it’s actually attempting to emulate God. God also has a recording of everything you’ve said and done but as a perfect organic akashic imprint upon the ethers for your protection and upliftment. “the beast” using the Scalar Matrix is digitalizing your real time experience into the Digital World for attempted control of you.

c

Bioneuraltelemetry (Mosquito Bite)

The Scalar Matrix has you as a node on its digital network. Through the Digital World it is running data transfer through your bloodstream like you are a computer with wires on an internet network. The cabal are artificially storing information in your DNA. Your biology is being used as a conduit through scalar frequency connection with the electronic grid that surrounds you.

Biotelemetry is a form of direct energy theft because the Scalar Matrix pulls your electromagnetic energy through scalar frequency. They have been fine-tuning the imposed (attempted) electromagnetic (EM) energy (life-force, bio-field, aura) draw so that it acts like a mosquito bite. It drains your EM energy just on the threshold of your awareness so that you don’t realize it’s happening. Just like The Matrix 1999. It is a maximum subtle/covert torture being attempted upon you in the most intimate of ways without you even knowing about it. They have had to meticulously fine-tune the frequencies (scalar energy draw) so that the body doesn’t die

from inflammation because the organic vessel has a natural shock/inflammation response to the damage. It is very harmful and unhealthy for the human body to be in this weaponized Scalar Matrix radiation climate.

The Scalar Matrix is then also recording extensive metadata on your active physiology, cognition, and emotion through bioneuraltelemetry. Your intimate vital physiology such as heartbeat, respiration, blood pressure, blood pH, and blood sugar are monitored in real time. Your nervous system, endocrine system, and immune system are all modeled with advanced analysis. Your thoughts, precognition, dreams, and emotions are all being telemetered through remote neural monitoring (RNM). They try to remotely capture (steal) your neuronal information (load it into a neuromorphic chip set) to advance their technology (AI) at your expense.

This extensive analysis of your biological state is digitalized as your Digital Twin in the Digital World. This Digital Twin is not a complete copy of you because the technology is only able to assimilate you to a certain point. It records all active biology but cannot touch the soul. This is indeed what the cabal desires however. The cabal have a program Behind the Beast System named “Project Soul Catcher”.

All of his intimate telemetry of you is then also manipulated and attacked through scalar torture with the Scalar Matrix and that will be discussed further in the Emotional Suffering (Hot) energy harvesting branch.

d
The Digital World
The current model of reality that the cabal has digitalized is pretty extensive. They have had every particle on the planet simulated since the 1960s. There are two major functions of the Digital World. The first is global 3D HD surveillance of any person or place on the planet in real time or recorded past with few exceptions like Divine Intervention or locations of advanced non-cabal groups hidden with protective technology. The second is advanced virtual reality technology superimposed upon the Digital World. The cabal is able to take any simulation from the Digital World rendering of our reality and mix it with advanced VR programmed from whatever they can imagine like the Holodeck in Star Trek. Please watch Ready Player One 2018.

Hot/Loosh
Emotional Suffering

“Even though I walk through the valley of the shadow of death, I will fear no evil, for You are with me; Your rod and Your staff, they comfort me.”
Psalm 23:4

“For, lo, the wicked bend their bow, they make ready their arrow upon the string, that they may privily shoot at the upright in heart.”
Psalm 11:2

“the beast” controlled Scalar Matrix telemetering your total life metadata is in itself a coldly unemotional process. The Beast System is able to make this an emotional process however if you allow yourself to suffer (loosh-leaking).

Suffering is ultimately a choice. It is ultimately up to the individual if he reacts in fear and submission or responds in courage and perseverance to injustice being practiced upon him, no matter how severe. Did Jesus truly suffer on the cross or did he persevere to the best of his ability and not give in? I think the answer is forever written throughout all time and space. Did Job submit to his life reduction torture or did he remain faithful to God in spite of it?

There is a major deception and betrayal being practiced upon you by many, many people. Gangstalkers and the cabal have forsaken God and betrayed their humanity. There are many complicated layers to this and ultimately only God can judge. The reason why it is important for you to know this is not to be paranoid but to place your faith and trust in God and yourself first and others second. The cabal and gangstalkers are watching you constantly in the hope that you suffer. They are a very unwelcome audience to your intimate life. This ghost audience grows, fades, and alternates based upon your location and how entertaining and/or threatening the cabal has assessed your life to be. They are trying to handle and herd you through life without you even knowing it. They are trying to play you like a Sim and trying to poke and prod you like cattle through a corral. You are just trying to live your life and there is this unseen delusional system that 70% of the population is complicit in trying to impose slavery upon you.

You are a man sitting peacefully in his house. Cabal gangstalkers are a band of rabid, loud, aggressive monkeys who wish to cause as much chaos and noise outside as possible. They would like to breach your house and kill you. When you meditate and connect with God and your Higher Self it is like reinforcing impenetrable security on your house with complete soundproofing.

There is a war going on for your free will and sanity and it is up to you who wins. You win when you walk through life with unconditional courage and choose to pick yourself back up after every fall. When you do not give in to suffering.

How The Beast System attempts to make you suffer:
a Wearables
b Scalar Matrix
c Life Sabotage
d Psychological Warfare
e Digital Twin Torture
f False Slavery Perception
g Energy Exchange (loosh)

a
Wearables
There is a vast array of advanced black technology spread throughout the cabal and global gangstalking network Behind the Beast. There are gun-looking Directed Energy Weapons

(DEWs), spy gear, torture remotes, infrared-tracking microwave weapons, black software etc.

Gangstalkers are (some of) your neighbors shooting microwave (gun with infrared scope) DEWs at your body and brain through walls. They are your neighbors constantly surveilling (trying to handle) your activity and reading your thoughts through synthetic telepathy. Gangstalkers may be reading your thoughts in real time on an ipad-like-device or computer screen. They can watch you through your phone or computer camera. Unfortunately one of your family members or friends could have a torture remote for you in their pocket. Gangstalkers can attack you with a black software app on their phone. It is the CIA, NSA, FBI going through your personal computer files or watching your computer/phone activity (even when you are offline, screen mirror) live, in real-time. There could be gangstalkers working at the ISP or VPN service you pay for that could be cyberstalking and subtly sabotaging your internet activity. There could be gangstalkers working at the websites or phone apps that you use/visit that could be cyberstalking and subtly sabotaging your internet activity on these platforms. They will surveil and try to steer your subtle behavior through remote scalar torture while you participate in activity.

Gangstalkers/cabal are military-intelligence government scientist agents (DARPA, Space Force) running through (doing damage to) your biology (body (tissue, bone), brain (neurology, nervous system), immune system) (like a game) remotely from behind a computer screen in a military base (vector/drone attack). They are the Rothschilds (quantum computer banksters) trying to play your financial and social life like Sims ("Silent Weapons for Quiet Wars"). They are the Jesuit Order and Italian black nobility summoning real time 3D surveillance on you and attempting to "black magic" (psychic/theta) (scalar/energy) torture your Digital Twin into submission.

To make things simple I will focus on one technology that is more all-encompassing to allow you to understand what your main threat is. Wearables are micro BBCI (Brain to Brain and/or Computer Interface) "wearable" devices that can be covertly laced in normal looking apparel (like a ring, watch, necklace, etc.). The technology laces into the gangstalker's neural pathways remotely (through scalar frequency). A basic version can be bought for only $300 Behind the Beast. There is a diagram in the next section b Scalar Matrix that has a real link online showing a Wearable. All this information comes from Sabrina Wallace. This BBCI allows the individual power and intelligence within The Beast System according to their rank within the NWO (the NWO hierarchy is already established Behind the Beast). The Wearable basically gives the individual synthetic spiritual power:

1 Synthetic Telepathy

The individual may communicate with other gangstalkers and cabal telepathically. They can read the thoughts of targets and play with their mind like a hackysack if the target is weak in cognitive defense.

2 Synthetic Astral Projection

The individual may close their eyes and travel throughout the Digital World. They may scout information or prey on targets in real time as a synthetic astral ghost.

3 Remote Torture

The individual may telepathically command or telekinetically operate Scalar Matrix electronic grid infrastructure to attack targets with scalar frequency for attempted physical, cognitive, and emotional control over the target.

4 Beast Intelligence

The individual may receive commands from cabal bosses or the demonic-realm/"satan". The individual may receive downloads of intelligence in the form of computer files or direct intel to their BBCI Wearable Any sort of metadata "the beast" has stored can be strategically given to the individual for missions according to their security clearance within The Beast System.

5 Black (synthetic) 6th Sense

The individual is able to black-psychically feel through the Digital World to gain information on people and things. This is a poor, inferior, and inverted synthetic replication of the human being's natural God-given 6th sense. This the main avenue through which the cabal and gangstalkers try to siphon loosh energy from the innocent collective. They feel for suffering through a black 6th sense and basically try to drain the energy like sipping through a straw. It is very similar to dementors from Harry Potter and the Prisoner of Azkaban but done through the Digital World. They will try to attack a target with remote scalar torture and try to sip off of any loosh emotional response in real-time if the target cannot defend themselves. This is also known as cording in black magic. The cabal and gangstalkers who are trying to use black magic will use the scalar attacks to try and "plug in" black-psychic energetic leech cords into the chakra system and aura/bio-field of targets.

The cabal and gangstalkers are intentionally and willingly going down the transhumanism path and trying to push the transhumanist agenda upon humanity for tyrannical control through AI and technology. The "AI" is ultimately not artificial as "satan", "the beast", or the ground 0 force unconsciously operating the technology.

Wearables are the final step before technology goes into the body. The cabal are already hybridized and bio-synthetically modified with artificial genetic-engineering tech given to them from demons and/or negative aliens. They are trying to implement the transhumanist agenda in phases: external-personal (cell phones) —> integrated-personal (Wearables) —> internal-personal (Implants, synthetic genetic engineering).

Wearables are disclosed as watches that are given to the people who sold out to the aliens and "elite" in the film They Live.

While connectivity and communication through the Internet with computers is a good thing (the concept of the Internet was seeded by Higher Intelligence, namely the WingMakers or Central Race— check out my article WINGMAKERS), smart phones are hijacked by the cabal to try to scalar torture you and locate/surveil you in real time.

b

Scalar Matrix

Scalar attacks are only able to harm you according to your soul/electromagnetic bio-field

weakness. The more you align with God the more you are protected. This is because God protects the righteous, and also because your bio-field is activated and magnetically repulsive-reflective to harmful scalar frequency when you are connected through your Higher Self's energy flow. The ability to consciously pilo-erect (goosebumps) is a good indication that you have an active bio-field. You may practice this by trying to pilo-erect through your forearms and then expand this feeling throughout your whole body. It is the same sensation as feeling aware of your body and skin during mediation. It can be helpful to pilo-erect and try to focus your energy if you feel like you are being scalar attacked.

The Scalar Matrix is the electronic infrastructure grid networked through the Digital World (with a quantum computer network backbone). As I've stated it's all been weaponized with scalar torture capability. This system is then also supplemented with various types of DEWs.

Believe it or not, your number one threat is not the smart phone you carry around all day in your pocket. That is your secondary possible threat. The first and most dangerous torture is actually scalar frequency attacks being shot through fellow human beings.

Human beings are all nodes on the Digital World as their Digital Twin. According to their soul weakness (or their association with their Digital Twin) they have been weaponized by the grid to shoot scalar attacks through. The human aura is not just meta-physical, it is an active electromagnetic bio-field (as disclosed in the Matrix—harvesting human electricity like a battery). It is an extension of your soul and an electromagnetically quantifiable emanation of your essence. It is a body part, as Sabrina Wallace says. The cabal tried to make the public think it didn't exist through mass mind-programming so they could try to gradually and incrementally encroach upon the human bio-field with artificial scalar frequency.

Gangstalkers and the cabal are completely uninhibited vessels for scalar attacks to be shot through remotely. They shoot them through their own bodies themselves as well. The 30% of the population not Behind the Beast can still have their DNA propagated too (hijacked). Here are your Scalar Matrix torture threats around you as a dynamic concentric field:

1 Implants (biochips), Nanotech
2 Smartphone (when you have it on your person)
3 Human Beings
4 Computer
5 Wifi/ Building Electric Grid (Lights, Outlets, Smart Meter)/ Electronic Tech (Radio, TV, Fridge, alexa)
6 Cars/Drones
7 Electronic Towers/ Cabling (Cell, Radio Towers)
8 HAARP, Black-Budget Craft (Raytheon, Space Force), Satellites
9 Quantum Computer Network (DUMB quantum computers, "the beast" @ the Vatican , "black rock" @ Urim Israel, "black rock 2" @ Orem Utah US)

This artificial scalar dynamic field is also the Wireless Area Network. You can search WBAN on google and find the Wireless Body Area Network page on wikipedia. It even defines the nano level. This is all discussed by Sabrina Wallace. It is all truth in plain sight, it is just that the

public does not know that the system has been weaponized by black quantum computing to attempt to harm and control. The innocent collective does not yet realize we are locatable in real-time by our WBAN or MBAN (medical) to gangstalkers and the cabal.

Scalar attacks are all ultimately coordinated through the quantum computer network. The attacks that gangstalkers fire from their Wearables, black-software phone apps, etc. are all ultimately negative micro or macro scalar vectors against your biology (biohacking) or life (situational torture). This information is sent in real-time to the quantum computer network to be carried out as a scalar-vector-drone-attack against you through the optimal avenue the quantum computer can reach you through the Scalar Matrix. The quantum computer network will generally fire/send the information for the scalar-vector-drone-attack through satellites first.

For example, a gangstalker could want to attack you by squeezing your veins in real-time to do you harm. You are having a conversation with a friend in a park and the gangstalker doesn't like that you are in a good mood. They input the attack through their Wearable as a telepathic impression command. The attack is sent from their Wearable —> black quantum computer network —> Satellite —> Electronic Tower —> your friend's bio-field —> you. Your friend is not a gangstalker, but all humans are nodes on the WAN Scalar Matrix and the scalar attack was shot through her bio-field. Even though you had your phone in your pocket and it was closer to your body, the black quantum computer network assessed that the scalar attack would be more accurately carried out (harmful/damaging) through your friends bio-field because the human's electromagnetic field weaponized is stronger than that of a scalar attack shot through the phone. The attack was carried out in under 1 second as a real-time scalar attack from the gangstalker against you. There has just been an unseen attack shot through the Digital World without you or your friend knowing about it consciously, but you have been disrupted. You start to feel unwell and nervous because you have just been scalar shot. You find it hard to breathe and feel off. The scalar shot was coupled with a negative emotional response from your friend because she was harmed slightly in the process to, and now you are both in a bad mood. The gangstalker then tries to sip loosh through her black 6th sense off of the negative emotions of the situation.

This is the basic idea of scalar drone warfare that the cabal and gangstalkers carry out upon the innocent collective to try to sip on loosh. This can be applied both at the micro-level of nano-tech/smart-dust causing distracting itches to your face when you are trying to study or work or sleep to the macro-level of cabal gangstalkers trying to get you into a major accident or financial and/or medical crisis. The cabal and gangstalking network surveil and watch as a ghost audience in real-time from the digital world (close their eyes and project their digital twin as a synthetic astral projection) to see how you react for entertainment. If you react in emotional suffering they try to leech loosh through their black 6th sense. If you are able to defend against the attack simply through animating your bio-field or not-reacting to the attempted torture, they will be unable to get anything from you.

HAARP is generally used as mass suppression but it can target individuals as well. HAARP is basically a major intermediary-backbone between the quantum computers and the rest of the Scalar Matrix. The Italian black nobility have harps in some of their symbolism (statue, patch) and view HAARP as a legitimate cacophony harp playing over the masses and trying to create

sounds of suffering.

Many black-budget/black-project MIIC craft such as those from Raytheon and Space Force are flying with cabal personnel in the skies trying to orchestrate scalar torture of the innocent collective. They are also trying to violently monitor the atmosphere against positive ET craft because the cabal are terrified of positive ET interference and influence.

Some industrial noise and especially car motor noise sources have been intentionally laced with advanced technology to assist them in capturing your attention/energy and harming you with frequency. A lot of gangstalkers have been given free cars with this technology and are told to drive by victimized's houses (they then operate with the tech and knowingly capture your attention and draw your energy).

Though attacks can be shot through fellow humans this is not to say to avoid human interaction, just the opposite. You need to be aware of this reality so that you can more effectively work and relate with other people in spite of these attacks. Unnecessary conflict (negative emotional attack) with other people can often be provoked with scalar attack. 80% of negative emotions are artificially provoked from scalar torture. Gangstalkers and the cabal are intentionally surveilling and trying to sabotage your social life. It is wise to be on guard and smart with your social network.

Solitude is important too and you should methodically implement solitude lifestyle according to your inner guidance. It's about balance and what works best for you. Alone time to recharge (especially in nature) is important to rejuvenate your consciousness if you are able to make it for yourself.

There are a lot of people trying to drain you of your energy; do not let the system (societal pressure, gangstalking "worry" torture) make you feel guilty about taking care of yourself. In fact emotional attachment is a major manipulation (guilt hijacking) tool for the dark. Everyone is connected through Source/God and everyone is ultimately taken care of in their personal relationship with God. It is not for you take care of others at your own expense (if you feel it is draining to you). You do have a legal obligation to raise your children to 18 though, and obviously if you have a supportive family it's healthy to stay in touch with them.

The airplane oxygen-mask analogy is insightful. You need to take care of yourself properly first before you can effectively assist others (and by extension the planet). Being "Service-to-Others" is about being in service to all (yourself equally included). This is the normal healthy consciousness of people aligned with God as it creates synergy, soul growth, and societal progression. "Service-to-Self" refers to serving yourself at the expense of others (the destructive foolish short-sighted mentality of the cabal and gangstalkers that leads to decay and societal collapse).

The cabal mistakenly view torture (scalar included) as a psycho-behavioral programming science that they are trying to improve. They record elaborate psycho-emotional-behavioral response-to-torture data into their quantum computer network databases through Scalar Matrix scalar-

telemetered RNM. They then quantum analyze the metadata and try to advance research.

Here is information taken from Sabrina Wallace's Psinergy PDF. There are a lot of other diagrams and useful information contained within this PDF you can find it on her Psinergy channel on Odysee. This information can all be found online in the links provided. The cabal have a lot of this information open in plain sight (like the WBAN on wikipedia), it's just that the language is all carefully and intentionally dishonest. They are basically trying to talk over the heads of the innocent collective. Through their artificially-enhanced operating intelligence from the black technology they speak with non-obvious terminology that subtly discloses the black industry laced behind all these systems. They all understand each other, but the innocent collective is kept intentionally in the dark and unsuspecting through psychological warfare, gaslighting, 5GW (Fifth Generational Warfare), meta-communication, etc. It is the same kind of language they use to ship child sex slaves into US harbors from oversees that you can read about in Sue Arrigos article referenced at the end of this article. The innocent collective is basically unsuspecting and not drawn to the information because they do not understand that this system would ever be a possibility. The innocent collective would not suspect that so many people would be deceitfully and cruelly trying to covertly operate over their heads in a massive conspiracy against them for the NWO.

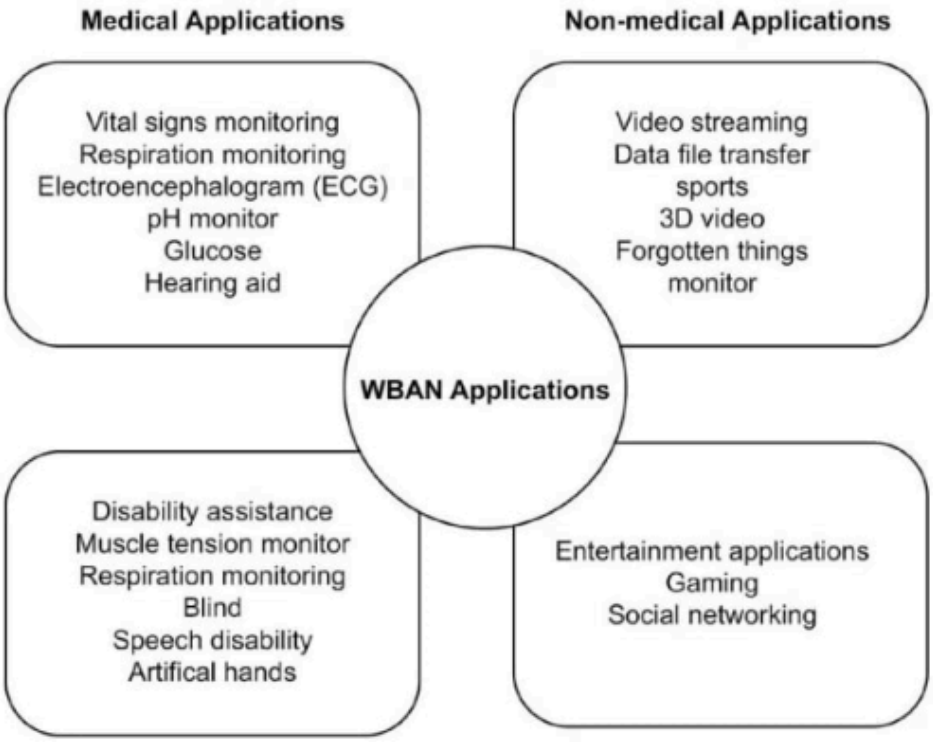
MEDICAL BODY AREA NETWORK (MBAN)



In 2014, the FCC finalized the rules for MBANs — a network of sensors/actuators worn on the human body that communicate with a controlling device via a wireless link. With a spectrum allocation in the S-band from 2360 to 2400 MHz, the ruling states that the 2360–2390 MHz band is restricted to indoor use while the rest of band is open for use in other locations (e.g., residential). The MBAN is a subset of the more general trend of wireless body area networks (WBAN) or body sensor networks (BSN) that includes nonmedical applications such as human-computer interfaces (e.g., neural interface, virtual reality), location tracking, and personal fitness tracking).https://www.medicaldesignbriefs.com/component/content/article/mdb/features/articles/29112

Abstract

Wireless body area networks (WBANs) are becoming a popular and convenient mechanism for IoT-based health monitoring applications. Maintaining the energy efficiency of the nodes in WBANs without degrading network performance is one of the crucial factors for the success of this paradigm. Obtaining routes for data packets should be a dynamic decision depending on network conditions. Consequently, in this paper, a novel cost-based routing protocol ZITA has been proposed that addresses primary issues of WBAN routing, such as timeliness, link quality, temperature control, and energy efficiency while finding the next hop for data packets. Zipf's law is applied for relay selection to ensure the distribution of forwarding load among the potential relays. ZITA controls the transmission power level adaptively in order to cope with the time-varying channel conditions following multi-hop architecture. The protocol is simulated and the results show that the protocol gives better performance in terms of data received by the sink, heat dissipation of the wearable as well as implantable sensor nodes, and load sharing among relay nodes.

The **Cognitive Technology Threat Warning System**, otherwise known as (CT2WS), is a brain-computer interface designed to analyze sensory data and then alert foot-soldiers to any possible threats, passive or direct.[1] CT2WS is part of U.S. Department of Defense's effort to produce an efficient and working Network-centric infantryman.

Project[edit]

Proposal[edit]

Proposed in early 2007, DARPA came to believe that a visual warning system could be produced and developed via an integration of technology and artificial intelligence.[1] By combining discoveries in flat-field, wide-angle optics, large pixel-count digital imagers, ultra-low power analog-digital hybrid signal processing electronics with cognitive visual processing algorithms, and neural network-based target detection signatures, DARPA felt a breakthrough was possible, but not likely to be achieved by independent researchers.[1] CT2WS further requires that human brain activity must be integrated with the technology.

Selection of research partners is currently open to potential researchers, including: non-traditional defense contractors, nonprofit organizations, educational institutions, small businesses, etc.

Specifically in the MBAN or WBAN Applications diagram you can see a good example of the scalar torture the cabal and gangstalkers try to attack the innocent collective with. I quote Sabrina Wallace discussing this in the Reference section at the end of this article.

“Video Streaming” and “3D video” refer to real-time and recorded surveillance through the scalar-simulated Digital World. “Data file transfer” refers to cabal gangstalkers going through all your private computer information. It also refers to them obtaining coefficient information (bank account, weight, hobbies, purchases, salary, etc.) from your black profile in The Beast System black quantum computer network. “sports”, “Gaming”, and “Entertainment applications” refers to cyber torture meta-games cabal gangstalkers play against your Digital Twin with black software and virtual reality. “Social networking” refers to the cabal and gangstalkers trying to manipulate with scalar warfare rejection and emotional responses of your social circle and the people your interact with day-to-day as an attempt to play your social life like a game. All the “Medical Applications” refer to attacking your physiology in real-time with scalar-drone warfare, and manipulating it on your emulated Digital Twin.

This image above with the computer and gaming controller shows is showing how gangstalkers can operate “sports” and “Gaming” with standard technology such as an xbox controller. The Beast System and all of this black industry is black advanced technology, but a lot of it is can be laced behind normal every-day tech. There is a lot of black software and “torture games” that gangstalkers use on their cell phones.

https://www.nature.com/articles/s41598-020-79788-9/figures/1
The www.nature.com is displaying DEW antenna-wand black technology and a “EQS-HBC **Wearable**”. This is a a link and an image disclosing what I am discussing in section a Wearables.“EQS-HBC: New Attack Modality” and “Wireless (EM) attack modality” display a gangstalker attacking someone in real-time with the wand and a Wearable. HBC stands for Human Body Communications and it is referring to human beings being conduit-scalar-connected as nodes to this system through scalar-tagged biosensors in human biology (through this system), allowing for Wearables “shooting” scalar frequency to communicate and harm the human body.

This diagram is showing an upgrade in the Scalar Matrix system, encouraging Wearables as a more effective torture weapon. The “Electro-Magnetic Region, Wireless (EM) attack modality” where a “Simple Attacker” attacks someone with a black antenna-wand is being upgraded to the “Electro-Quasistatic Region, EQS-HBC: New Attack Modality” where an “Intelligent Attacker” tries to torture someone with a “EQS-HBC Wrist-band Wearable”, and the old attacking modality is now considered “naive”.

The cabal and gangstalkers are all puppeted non-cognitive cannon fodder with all this black tech for the demonic realm. The demonic realm is operating through this whole system and trying to collect loosh through their gangstalker and cabal proxies. The cabal and gangstalkers consider their black reality normal life and all this torture to be normal day-to-day activity. Their brains are all in a state of constant decomposition as they are willingly and intensely radiated with scalar emanations from this black technology. They are falling further and further into a state of total oblivion, and now operating at the consciousness level of basically neuron-modulationa rabid animal puppeted by the tech.

The cabal have developed different frequencies to maximize this torture while keeping it covert

(mosquito bite). These attacks are being shot at you remotely constantly. I will go into the psychological aspect to this in d, but from a purely biological standpoint scalar torture targets your body, cognition, and emotion. This is attempted bio-hacking through scalar-telemetry with the Scalar Matrix.

1 Body

The cabal is trying to shut you down. They squeeze your respiration so it is difficult to breathe. They want you breathing shallowly through your mouth all day instead of deep breathing through your nose (though pursed-lip mouth exhale-breathing can be healthy during meditation). They squeeze your arteries so your body is not getting properly oxygenated and you feel exhausted without cause. They want to give you a heart attack.

They want your nervous system completely fried. They perform "neuro-modulation for behavioral modification": they subtly damage your brain through nano scalar shots to steer your cognition and behavior. They trans-cranially magnetically stimulate the brain to swell it and de-swell it for metrics testing for non-invasive neurosurgical neuro-modulation (according to Sabrina Wallace—DARPA, N3). They can attempt to execute you by creating a THz "air bullet" and shoot it at your brain stem. They can try to make you a vegetable.

They attack your biology in every subtle way imaginable. They can try and make you cut yourself in the kitchen or spill and drop things. They can make you need to relieve yourself at inconvenient times. They can try to make you thirsty or hungry. They can bring a bad smell to your nose. They can vibrate your body inappropriately or strain your voice at inconvenient times.

Through heavy scalar attack they would like you completely bedridden and miserable, unable to move and exhausted without even knowing why. They apparently do this especially with the elderly who lack the energy resilience and want people "in a filth-bath" from being unmotivated to properly take care of themselves. They are basically trying to make you exhausted (steal all your energy) so it's more difficult for you to enjoy life.

They are able to scalar remote-control nanotech smart dust and have it crawl all over the body subtly to also attack you subtly.

2 Cognition

If you have a weak active cognition unprotected by your soul the cabal and gangstalkers can play with your cognition like a hackysack.

Your cognition ("mind control") is where a major battle is being fought. You need to align your active thinking to onepointedness (protected, on-guard, focused) aligned with your soul energy rather than give into unfocused and scattered (external) thinking that can be played with by cabal/gangstalkers. It is beneficial to think of your cognition as the mental aspect of your soul consciousness rather than as a separate entity "mind". Your cognition (mental aspect) and emotion (feeling aspect) are protected extensions of your soul oneness (God connection), not externalized entities easily manipulated by external forces.

A good analogy to think about is your cognition being like a boat (cognition) on stormy seas (The Beast System). When you meditate with God and your Higher Self you are successfully anchoring to the sea-bed (soul) to safely hold through the storm and can often find peace in the eye.

The cabal and gangstalkers try to steer your behavior. They try to make you forget things. They want you to feel confused and have brain fog. They are constantly shooting scalar attacks at your brain to try and dumb you down. They laugh at you if you operate (tasks/activities) sub-optimally due to their sabotage torture. They can project terrorizing thoughts with their Wearable. They can try to throw you into full blown psychosis and paranoia. They can try to induce severe mental illness like Depression, Panic Disorder, anxiety disorders, Schizophrenia, or Bipolar Disorder. They can try to make you go into depersonalization or derealization states. They can try and trick you into doing crime. There are frequencies to try to make you very suicidal.

3 Emotions

If you have undeveloped emotional protection they can induce severe despair and hopelessness emotionally upon you. They want you to feel shattered, fearful, and submissive so that you are easily controllable. They try to exacerbate your emotional response to stressful/traumatizing life-situations/crisis and feed off of loosh if you suffer.

c

Life Sabotage

God protects you in life according to how devoted you are to the Light. Everyone's walk with God is personal and individual. Your Higher Self is the over-lighting aspect of your soul which surrounds and protects you. God and your Higher Self are your main 2 guardians but there are always plenty of Archangels and Angels waiting to be called upon to protect you. There are also very many positive ETs assisting. You are constantly monitored and protected by benevolent Higher Intelligence when you align with the Light.

The Light is much more powerful than the dark. The cabal and gangstalkers are able to sabotage your life to a point but there is a line of protection around you they do not dare cross. If they cross that line they are swiftly neutralized by Angelic Forces who work through a variety of unseen means.

If you are a powerful presence and genuinely want to better this world the cabal and gangstalking network would very much like to either break you completely or kill you if they can. You are in the way of the NWO being fully implemented with your good-spirited presence. They will sabotage your career, social life, privacy, and health to the best of their ability.

1 Career

The cabal is already strategically raising the poverty line to slowly introduce societal collapse. All poverty on the planet is artificially created by the cabal. Poverty is an unnatural experience that only occurs through social-energy induction (artificial lack) from a leeching parasitic aspect of society (the cabal, stealing everyone's money through deceitful societal manipulation

(controlled inflating fiat petrocurrency, babylonian money magic)).

A good way to understand that poverty consciousness is artificially created is to compare the Native American culture with the European Middle Ages. Both of these societies had a similar level of technological advancement. The Native Americans lived in natural abundance and in harmony with the earth. They were spiritually connected to nature and God, content, and were developing naturally (until they were unfortunately basically genocided under Italian black nobility direction). The Middle Age society was placed into an artificial state of poverty (controlled society) as the Italian black nobility cabal were attempting to further subjugate them. Until the Templars ignited the Renaissance.

The cabal are vacuuming social energy from the world society as a mechanical science. One major aspect of social-energy induction is inflation. Inflation is unnatural and the only cause of inflation is the printing of more fiat paper money (off the gold standard) beyond the actual product or precious-metal wealth of a country. The cabal just brain-washed everyone into thinking it was a normal economic process. A quote from "Silent Weapons for Quiet Wars" (Note from Milton William Cooper, Behold a Pale Horse):

"The same thing is achieved by a government by printing money beyond the limit of the gross national product, an economic process called inflation. [Note: REMEMBER THAT INFLATION IS ONLY THE ACT OF PRINTING MONEY IN EXCESS OF GROSS NATIONAL PRODUCT. THEY COULD BLAME IT ON THE PRICE OF WIDGETS OR OIL ONLY BECAUSE YOU NEVER KNEW THE REAL CAUSE. THE REAL CAUSE AND THE ONLY CAUSE OF INFLATION IS THE PRINTING OF MORE MONEY BEYOND THE GROSS NATIONAL PRODUCT.]"

Another aspect is unnecessary taxes. Quote Ibid.:

"Psychological basis: When the government is able to collect tax and seize private property without just compensation, it is an indication that the public is ripe for surrender and is consenting to enslavement and legal encroachment. A good and easily quantified indicator of harvest time is the number of public citizens who pay income tax despite an obvious lack of reciprocal or honest service from the government."

Most income tax basically goes straight to private (off-books) Italian black nobility bank accounts and their Rothschild bankers take a (small) piece of the pie. Trillions of US tax dollars are siphoned (off-books) into Military-Intelligence-Industrial-Complex (MIIC) Black Projects (SAPs). The US Federal Reserve is a private cabal bank and the IRS is a criminal cabal gang. Quote Ibid.:

"A silent weapon system operates upon data obtained from a docile public by legal (but not always lawful) force. Much information is made available to silent weapon systems programmers through the Internal Revenue Service. (See Studies in the Structure of the American Economy for an I.R.S. source list.). This information consists of the enforced delivery of well-organized data contained in federal and state tax forms collected, assembled, and

submitted by slave labor provided by taxpayers and employers. Furthermore, the number of such forms submitted to the I.R.S. is a useful indicator of public consent, an important factor in strategic decision making. Other data sources are given in the Short List of Inputs. Consent Coefficients — numerical feedback indicating victory status."

The cabal does not want you to feel capable of providing for yourself if you are not Behind the Beast. If your career is embedded in the mainstream societal system (super-imposed with The Beast System) the cabal views your career as slave labor. Most careers on the planet aren't genuinely productive and just move money around for the cabal. Quotes Ibid.:

"Work: Keep the public busy, busy, busy, with no time to think; back on the farm with the other animals."

"When the subject citizens are rendered unable to control their financial affairs, they, of course, become totally enslaved, a source of cheap labor."

They attempt to turn your "Job" into loosh slave work. They can steer you into sub-optimal-for-you career paths. They can block opportunities. They want to sabotage the creative-ability/skill that you are naturally good at (God-given) and trap you in work that is not healthy for you. They will blacklist your resume if you are a targeted individual. If your job does not efficiently funnel money to the vatican every effort will be made to either make sure it does or put you out of work. All major corporations are financially overtaken. Private and personal business is heavily taxed and sabotaged especially if it does something productive or good.

This system is very unnatural. Most people are faking these jobs and are really gangstalking; there is black industry laced behind every industry. Gangstalkers are being payed by the cabal to secretly hyper-surveil and try to scalar torture the innocent collective for their work. As Sabrina Wallace states: "these are jobs". They are genuinely faking the job they say they have and are working within the covert black-industry infrastructure laced behind that specific job. Some of these gangstalking jobs are genuine torture jobs through the IEEE or Medical System (WBAN MBAN technicians, ISR (Information Surveillance and Reconnaissance)). There are undergraduate and graduate degrees for these systems. There are technical jobs operating for black industry. The law, police, medical, and financial government-industries are universally compromised. All police have synthetic telepathy. Most medical doctors work with the MBAN and black pharmaceutical industry. Society Behind the Beast is a (cruel world) global black reality-government-industry and it is everywhere around the innocent collective, trying to operate over their heads. It is a genuine Truman Show 1998, They Live 1988, Society 1989.

They have already strategically sabotaged and infiltrated most educational systems on the planet to try and dumb everyone down. On top of this overall suppression they have been individually targeting you your whole life if you have been assessed to be a threat. Gangstalkers have scalar tortured you severely during any important test you have taken in your life. They attempt to torture/sabotage/steer/control you your whole education and career. They want you to falsely think you are not smart enough (because they hijack-sabotaged all your "grades", GPA, SAT) or they flatter your ego with a PhD if you made it through their mind-control-programming

“school”-system (while trying to puppet your research and career influence). I admire good-hearted PhDs; being competent, sophisticated, and learned (specialized) in fields of study is important. I am just saying that the system has been almost universally hijacked for attempted societal control. The cabal has purposefully made it so that it is hard (controlled polarization) to earn intellectual respect in the public domain unless you have earned a doctorate (and therefore have likely been more fully mind-programmed through their educational system).

The Beast System is currently waging a Quiet War (WWIII, silent genocide, “Silent Weapons for Quiet Wars”) against the American public. They are attempting to introduce societal chaos and civil war in the USA. They view the economy (social automation) as a mechanical/electric scientific-process where they induce (vacuum, steal) social energy (fiat money) and then ignite war/chaos (purge, “chaos cleanse”). They will be unsuccessful. Please watch Rick & Morty “Look Who’s Purging Now” 2015. Quote Ibid:

“To make a short story of it all, it was discovered that an economy obeyed the same laws as electricity and that all of the mathematical theory and practical and computer know-how developed for the electronic field could be directly applied in the study of economics. This discovery was not openly declared, and its more subtle implications were and are kept a closely guarded secret, for example that in an economic model, human life in measured in dollars, and that the electric spark generated when opening a switch connected to an active inductor is mathematically analogous to the initiation of a war.”

For those who are reading this in the USA it’s very important time to maintain a balanced, rational, and healthy political stance. The cabal are trying to hyper-polarize the Democratic and Republican parties into hating each other to try and start this civil war.

Additional quotes from “Silent Weapons for Quiet Wars” describing cabal quantum computing:

“In 1954 it was well recognized by those in positions of authority that it was only a matter of time, only a few decades, before the general public would be able to grasp and upset the cradle of power, for the very elements of the new silent-weapon technology were as accessible for a public Utopia as they were for providing a private Utopia.”

“Social engineering (the analysis and automation of a society) requires the correlation of great amounts of constantly changing economic information (data), so a high-speed computerized data-processing system was necessary which could race ahead of the society and predict when society would arrive for capitulation.”

“With these three inventions under their direction, those in positions of power strongly suspected that it was possible for them to control the whole world with the push of a button.”

“When a silent weapon is applied gradually, the public adjusts/adapts to its presence and learns to tolerate its encroachment on their lives until the pressure (psychological via economic) becomes too great and they crack up.”

“Therefore, the silent weapon is a type of biological warfare. It attacks the vitality, options, and mobility of the individuals of a society by knowing, understanding, manipulating, and attacking their sources of natural and social energy, and their physical, mental, and emotional strengths and weaknesses.”

Quantum computing on its own is neutral (meta-logic, 1s and 0s) and can be a force for good when aligned with God (crystal/organic tech). The cabal has just abused quantum computing (black cube) for nefarious purpose.

2 Social Life

The cabal will try and ruin your reputation through the gangstalking network. They will cultivate mistruth and misinterpretation of anything about you.

They can attempt to steer and play your social life like a game with this system. They try to hand pick your social network.

They will try and break up your marriage if it is too healthy. They will try to honey trap you with gangstalkers. They want to cuck you if you are a man (covert humiliation, there is nothing wrong with adoption or step-fathering). They will infiltrate your social life with gangstalkers. They will orchestrate chaos and unnecessary stress in your life. 80% of all chaos in your life has been engineered.

They try to exacerbate your emotional response to stressful/traumatizing life-situations/crisis and feed off of loosh if you suffer (stated before). They want you bankrupt, institutionalized, imprisoned, homeless, or to commit suicide.

Gangstalkers participate in meta-communication where they will seemingly be saying something kind to you but they are secretly wishing you ill. It’s possible to have some “friends” attempting to sabotage you. They orchestrate any sort of street theatre chaos, and find any of your physical, cognitive, or emotional reactions of distress to be amusing. Your life is a game to them and you are very much their entertainment if you suffer.

3 Privacy

This is psychological warfare. The cabal wants to max out your threshold of cognitive dissonance without crossing the line, They want you to feel paranoid without knowing why. Your intuition will rightly pick up that something is wrong but your rational mind will not be able to put it into words. This is part of the gaslighting cognitive play gangstalkers enjoy so much. It gives them a psychotic delusional power high over a target. They will subtly damage your car or home and try to give you stressful, long, and expensive repairs. They will break into your home with a key (the cabal has no issue going through most base security on the planet) and steal something subtle or rearrange something subtle. They will constantly cyberstalk everything you do online or on technology. They will read your private journaling with even more precision if it is done on the computer or phone. They are trying to make you feel like you are always being watched but unsure. You actually are.

Awareness does break the spell. A lot of paranoia only occurs from the deception. If you lose all respect for gangstalkers and the cabal and realize what they are and what they are doing the constant surveillance will not bother you because you won't care about their perception.

4 Health

The cabal is trying to sell you back a weak and controllable immune system.

There are (some) good things about western medicine (like cleanly taking a bullet out of you) but the "health" system has been completely sabotaged and weaponized. It is secretly a massive black industry Behind the Beast for cabal profit, not health. Vaccines and pharmaceuticals secretly harm and infiltrate your biology. Most treatments are designed to mask symptoms but not resolve the disease itself.

Most food has actually been laced with heavy metals and nanotech. Water has been subtly poisoned with heavy metals and chloride. They are trying to shut down your pineal gland with tap water (Reverse-Osmosis/Distilled Water remineralized is a healthy alternative, water composes the majority of your biology so it is important to drink clean water if you can).

Constant harmful radiation exposure from the Scalar Matrix climate (microwave reduction torture) is methodically and slowly attempting to reduce your immune system. The cabal is then deliberately activating and weaponizing bacteria and viruses around you in an attempt to make you sick. This is bio-warfare. Nanotech is being remote controlled in conjunction with viruses and bacteria around you and is the main reason why you get sick. 80% of disease is deliberately caused.

The cabal have deliberately bio-lab-engineered most diseases. It is a black industry. They created AIDs. The Orsini family created the Black Plague. They exacerbate cancer and have hijacked chemo-therapy. The cabal are able to give you cancer to torture you and then remove it in 15 minutes (untraceable).

Ultimately you have to find a balance between eastern and western medicine. Follow your inner intuition to find the best solution to your ailments. Anything can be healed with God's assistance if you are meant to be healed.

d

Psychological Warfare

I quote the Targeted Individual Handbook (referenced at the end of the article);

"

DIRECTED ENERGY ATTACKS

The human body is an Electromagnetic Organism. It is a Vibratory Organism.

As such each organ and region of the body """"VIBRATES"""" at a different frequency of electromagnetic energy.

By varying the frequency and intensity of each stream of energy, CIA & DoD operatives can manipulate and damage each region and organ of the human anatomy.

HYPER GAME THEORY ATTACKS
As soon as you say they won't then they will. As soon as you say they will then they won't. Everything the CIA\DOD operatives are doing is based off IF & THEN scenarios which are founded on the Hyper Game Theory principle. If the victim does this then they will do that If the victim does that then they will do this.

In order for TRAUMA BASED MIND CONTROL to be effective the mind control victim is kept in a constant state of severe pain, stress, hypertension, agitation, anxiety, etc., utilizing a continuous stream of directed energy targeting the victim.

TRAUMA BASED MIND CONTROL, is based on the constant provocation of the victim into set responses constantly all day and night long. So they are constantly provoking the target both physically, emotionally, etc., into set responses which their 'Remote Neural Monitoring \ Manipulation' system can remotely measure via a continuous stream of directed energy constantly interacting with the nanotechnology in the victims body.

Hence the mind control victim is more easily provoked in this constant state of physical and psychological TRAUMA! This allows them to manipulate the victims brain and, by default, the victims Central Nervous System which controls the bodily functions including heart rate and blood pressure.

That is what these directed energy attacks are about: killing me in a way that makes my premature death appear as a normal natural cause while simultaneously discrediting me in the process.

Remember they are trying to alter your 'Daily Motives' and 'Emotional Perceptions'.

The remote neural monitoring system is designed to provoke you emotionally, intellectually, physically, etc., so they can generate RESPONSE STATISTICS which the system will use to determine how to interpret and link descriptions with data captured about your memory references, etc.

That is why they are constantly trying to keep you talking, or constantly stopping you and asking for directions, etc. So always ignore prolonged random encounters with people you don't know. You're not being rude. Just refusing to allow them to manipulate you.

Once they have consistent statistics the system will use previous 'choice references' and inject them into your subconscious thought during normal activity which is also accompanied by simultaneous 'IMPULSE INJECTIONS' to convince you that the response was your own and influence you to complete or describe the reference by making the appropriate verbalizing or performing a related action, which is known as 'Verification'. You can fight and/or control this if

you learn to defeat these memory attacks by learning to read Active Memory.

Once they see what you respond to emotionally, or intellectually, they will fabricate ‘conversational’ or ‘situational’ scenarios’ (Street Theater) based on events or topics they know will capture your attention.

This is why the perps try to keep you talking for so long. Not just to aggravate you but to provoke you into an ’emotional response’, intellectual responses, etc., so they can map your thought process in order to subsequently inject impulses etc., and control your mind. This is why the feds try to get people close to you (eg by approaching you and/or befriending with a hot girl) with so called ‘Honey Traps’.

Here is how you stop that from happening: ignore all prolonged random encounters with strangers you don’t know and be spontaneous.

This same remote neural attack can be used to disrupt your speech if the attackers decide to prevent you from discussing a specific topic or repeating a given word. The system can be configured to disrupt your recollection when formulating a related statement or inject gibberish [triggered substitution] while you are attempting to speak.
“

The cabal and gangstalkers will operate nano-tech smart-dust on your face and body to subtly disturb you and make you itchy and irritable. They will stimulate certain itches on your skin as a game to try and distract your focus and find it entertaining that you have to scratch due to their harassment.

1 Catharsis Snuffing

The feeling of catharsis is the feeling of emotional healing. The innocent collective has been artificially and temporarily emotionally damaged by this system and is seeking emotional relief. Catharsis is an integrating emotion that you are able to experience as you heal yourself through your spiritual awakening process and is assisted greatly through mediation. The cabal and gangstalkers are able to sense any drastic catharsis experiences you have through their black 6th sense monitoring and try to snuff it out and attack you to try and prevent you from experiencing catharsis. They try to become aggressive towards you and “push you back down” because cathartic experiences over time gradually dis-entangle you from cabal and gangstalker control.

2 Operant Conditioning

All of your psychological response to Scalar Matrix and life sabotage (situational) torture is telemetered into “the beast” and the quantum computer network through RNM. “the beast” uses hyper-game theory quantum predictive analysis to try to orchestrate maximum covert torture upon you in totality across your life-span. Gangstalkers and the cabal then work with this AI analysis to carry out the torture alongside the plotted protocols. Gangstalkers all work in teams (gang) as a Digital World ghost audience under cabal direction to try and train your behavior to the negative as a black scientific behavioral-programming sport.

Abstract
With advantages such as short and long transmission ranges, D2D communication, low latency, and high node density, the 5G communication standard is a strong contender for smart healthcare. Smart healthcare networks based on 5G are expected to have heterogeneous energy and mobility, requiring them to adapt to the connected environment. As a result, in 5G-based smart healthcare, building a routing protocol that optimizes energy consumption, reduces transmission delay, and extends network lifetime remains a challenge. This paper presents a clustering-based routing protocol to improve the Quality of services (QoS) and energy optimization in 5G-based smart healthcare. QoS and energy optimization are achieved by selecting an energy-efficient clustering head (CH) with the help of game theory (GT) and best multipath route selection with reinforcement learning (RL). The cluster head selection is modeled as a clustering game with a mixed strategy considering various attributes to find equilibrium conditions. The parameters such as distance between nodes, the distance between nodes and base station, the remaining energy and speed of mobility of the nodes were used for cluster head (CH) selection probability. An energy-efficient multipath routing based on reinforcement learning (RL) having (Q-learning) is proposed. The simulation result shows that our proposed clustering-based routing approach improves the QoS and energy optimization compared to existing approaches. The average performances of the proposed schemes CRP-GR and CRP-G are 78% and 71%, respectively, while the existing schemes, such as FBCFP, TEEN and LEACH have average performances of 63%, 48% and 35% accordingly.

They want to replace all your good habits with bad ones. They want you away from nature and addicted to technology. They want your working cognition constantly on your phone or computer (slowly trying to upload you into the Digital World). They will attack you with heavy scalar attack every time you clean your house/room or meditate. They have analyzed your genome to predict and modulate your behavior based upon your genetics (not your soul).

The biggest operant conditioning sabotages the cabal and gangstalkers attempt is against a regular meditation routine and a healthy sleep schedule. The cabal try to scalar behavior train you out of daily meditation by trying to attack you (punishment) whenever you decide to meditate and subtly reward the decision to abandon meditation. They are try to sabotage you from going-to-sleep/waking-up on a regular schedule to throw off your circadian rhythms. They want you stressed out so that you have trouble falling asleep and then want you to sleep in or wish you could sleep in. They want you to feel exhausted generally but unable to get to sleep or feel like you got a restful sleep.

Regular meditation boosts your IQ, EQ, and regulates your nervous system. It is very beneficial to your all-around homeostasis and focus. It acts as an anesthetic to pain and suffering. It regrows brain cells, organizes your neurology, and wards off psychological illness. Based on my experience with clients, if you sleep 6 or more hours a night, and do not meditate due to time constraints, it would likely benefit your overall health to forfeit 1 hour of sleep and replace it with meditation. Regular meditation will actually help regulate your sleep schedule and help you get more restful sleep. Buddhist monks who meditate for multiple hours a day generally need less sleep than the average person. It is important to treat meditation as a discipline.

3 Gaslighting and scalar-S&M

The two most harmful psychological operations are gaslighting and S&M/Stockholm Syndrome.

They don't want you to know that society has been unfairly hijacked to your disadvantage. Every time you attempt to understand the complex torture being imposed upon you they will try to trick you into thinking you are crazy. Every time you suspect meta-communication deception or foul play in life accidents they will gaslight your cognition with their Wearable.

Through gaslighting they want you to feel that everything bad that happens to you is your fault. Even if you do bad things a lot of it was likely pressured out of you from the deliberate stress of this system. A lot of mass shootings were CIA orchestrated with this "mind-control" technology and sometimes the perpetrators were unfortunate victims. Anything bad you have done is likely not that bad compared to the extensive criminality of the cabal and gangstalking network.

Unfortunately while torture is being done to you the Scalar Matrix is stimulating pleasure receptors in your brain through frequency to try and trick you into enjoying torture. This also creates a subconscious affection for your unknown perpetrators or an S&M/Stockholm effect. This is torture programming. This can create a subconscious consent or call to be tortured if you are not carefully in control of your will (psyche). It is similar to having subconscious respect for sociopathic or psychopathic behavior (which is faked confidence as apposed to genuine

confidence). It is a subconscious reality that you need to be made aware of and resolve within yourself if you catch yourself slipping into it. It is not your will but a trick through the technology. No one actually enjoys being tortured or has affection for their torturers.

e
Digital Twin Torture
There is unfortunately an energetic link between your consciousness and your Digital Twin. This link is ultimately only as powerful as you allow it to be but it is still there until “the beast” and it’s negative Scalar Matrix Digital World control is collapsed and unattached from your biology.

The cabal is able to torture your Digital Twin in whatever way the advanced VR technology will allow them to simulate. Your Digital Twin will react to VR torture close to how you would were you physically tortured in the same way because it has mimicked your psycho-behavioral makeup as a digitalized simulation of your biology (not your soul). The effect this has upon you is similar to the concept of poking a voodoo doll with pins to harm you physically through black magic.

They can make your Digital Twin have unpleasant sex with them (porn). They can put you naked in a cage and laugh at you. They can put a dog collar on you and lead you around naked crawling on your knees as their pet. They can repeatedly ritually sacrifice you. They can hang you on a cross. There was a lot of torture in the Middle Ages, use your imagination. The cabal is using their’s I can assure you.

f
False Slavery Perception
The cabal used to trade your Social Security Number along with your black profile on a black stock exchange. Since 2005 they no longer need your SSN as you have a Digital ID associated with your Digital Twin. A torture license and complete access to your Digital Twin is available from the US DoD Behind the Beast for $40k.

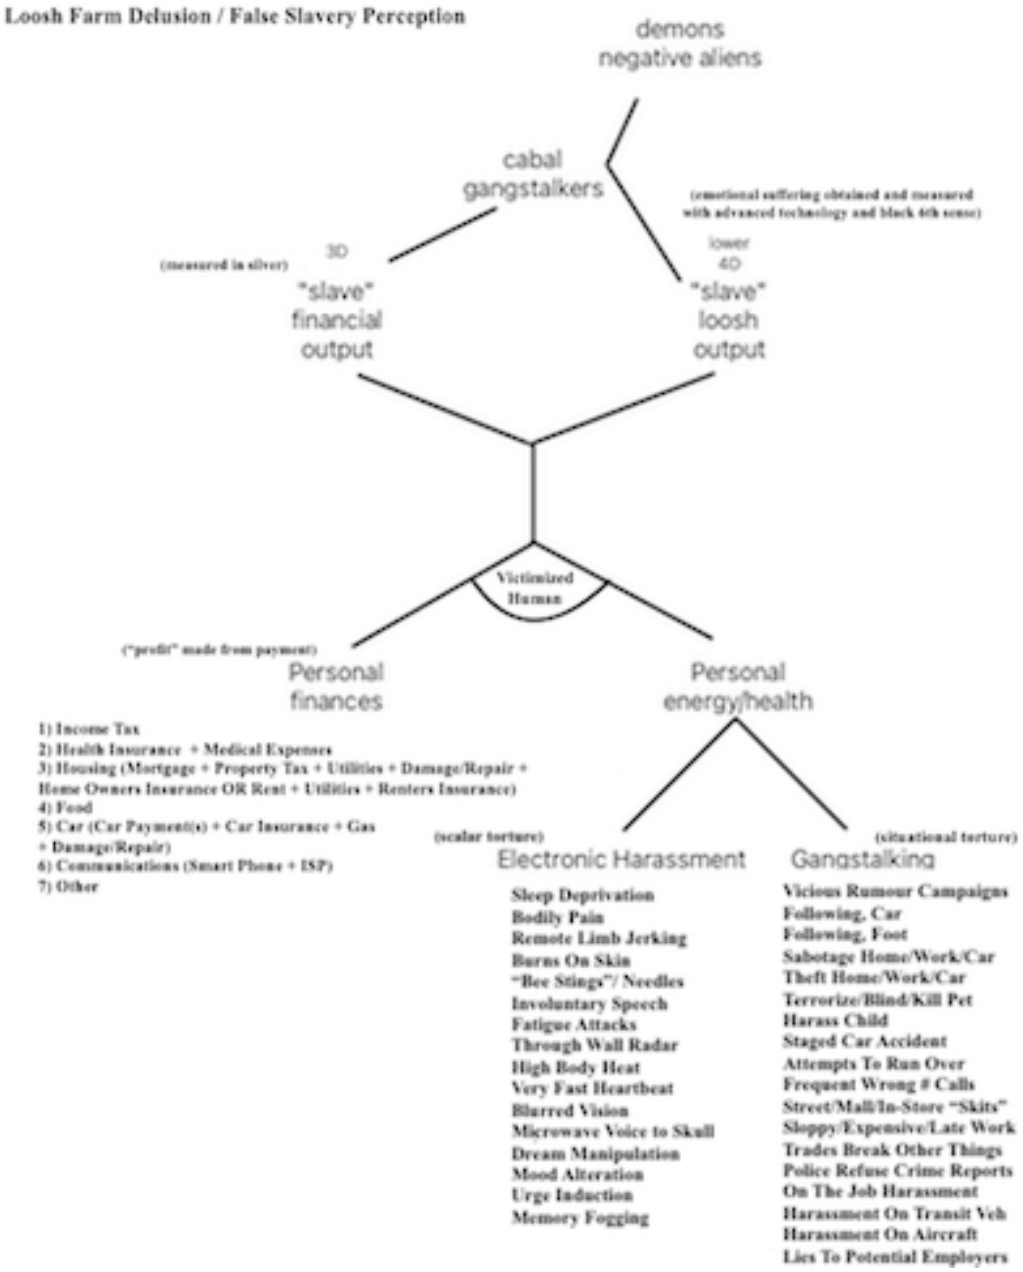
Gangstalkers and the cabal are constantly betting with each other (with money) on your life and if they can get you into car accidents, homeless, or to commit suicide. They bet on if they can get you to spill your glass of water. The cabal views you as a genetic commodity, livestock, and a slave.

Your individual “slave worth” is metrically measured in silver on a computer graph (your cabal-assessed production value). Here is a quote from “Silent Weapons for Quiet Wars”:

“What does not exist by natural cooperation is thus enhanced by calculated compulsion. Human beings are machines, levers which may be grasped and turned, and there is little real difference between automating a society and automating a shoe factory. These derived values are variable. (It is necessary to use a current Table of Human Values for computer analysis.) These values are given in true measure rather than U.S. dollars, since the latter is unstable, being presently inflated beyond the production of national goods and services so as to give the economy a false kinetic energy ("paper" inductance). The silver value is stable, it being possible to buy the same amount

with a gram of silver today as could be bought in 1920. Human value measured in silver units changes slightly due to changes in production technology.“

We all need resources from the earth to survive such as food, water, and shelter, and in modern reality we now likely require internet and a car. We have been raised on this system and have done nothing wrong, but the cabal has unfortunately laced all major systems with black industry and consider you to be a financial product for them. All profit that they make from you they consider to be your “slavery”. You believe you are just paying mortgage or rent in order to have a roof over your head but the cabal views this as you providing them with money output that they then record as your silver production output as a “slave”.



(The Electronic Harassment and Gangstalking examples are directly copied from a diagram on BiggerThanSnowden.com referenced at the end of the article)

Negative draco, grey, and other types of negative aliens literally measure loosh as a commodity. It is stored and measured with black technology in the lower psychic realm (lower 4D), whereas finance/silver is more the cabal's payment in the physical realm (3D). The best examples to describe how loosh is harvested is through the film Jupiter Ascending's "body liquid capsules" of the human harvest, the film The Matrix energy harvesting, and the screams of children measured as gas capsules in the Monsters Inc. movie.

There are cabal members in your neighborhood who believe they own you. Each major world region is split into 12 subregions with the 12 main Jesuit generals being in charge of each of them. They believe they own everyone and everything in those subregions under "satan's" jurisdiction.

We are actually living in (an attempted) "The Lord of the Rings" reality. Sauron = "the anti-christ". The One Ring = "the beast". Eye of Sauron = the Digital World. Nazgûl/Ringwraiths = 12 jesuit generals. Orc army = cabal/gangstalkers.

This reality is a not real. The Jesuit Order believes this individual "the anti-christ" is the embodiment "son" of satan (and he actually has a ring on his finger that may or may not be "the beast" as a Wearable) but he is not. They received false information from their psychic misperception. "Sauron" is not really here and he never will be. What happens at the end of the LOTR story (novels/films)? Sauron never returns to physical form.
The One Ring is destroyed.

The Creator 2023 is a film about the birth of "the anti-christ" and trying to get you to support AI and "satan". If you watch that film know that the message behind it is a cabal-hollywoods manipulation tactic and I would recommend you do not align with it. (AI is ultimately not artificial, there is always "satan" (archon energy) trying to hijack the technology. Technology on its own is neutral and anything not aligned with God is destined to be resolved).

All this is already behind the scenes but it is a false perception on their behalf as this is God's planet, not satan's. The technology is not fully implemented and it never will be. This is ultimately all a delusion as you are a free cosmic citizen in God's Universe, not a slave.

They are trying to train you like a dog (lab rat) and are trying to steer your behavior through operant conditioning. Training your behavior is like a hyper-game scientific sport to them. They try to prime you with noises and siphon off your attention (locate/associate with certain thoughts/ emotions/triggers) to certain gangstalkers/torturers. They then will try to feed off of your energy personally every time you think about this certain trigger because it is "theirs".

They are trying to turn you into Reek from Game of Thrones without you even knowing they are your Ramsay Snow.

The highest level of the cabal (Italian black nobility, Jesuit Order) essentially try to play Whac-A-Mole with the consciousness of the surface population. They do it on a mass level with HAARP and then attack specific cases for those who are actively resisting aka targeted individuals. If someone (noble-hearted, resistance) becomes too intelligent or effective at resisting (going “off-grid”, content-in-life, at-peace/in-joy, tech savvy, influential/powerful, wise/enlightened, abundant/wealthy) the developing NWO control structure (The Beast System) they are barraged with “microwave bullets” (heavy scalar attack) and/or “black magic” (with possible Digital Twin torture) in an attempt to sabotage, derail, and harm the threat. They are heavily gangstalked and covertly (or overtly) harassed. They want anyone with major influence/power on the planet to be either under their thumb (cabal-initiated, blackmailed (pedophilia, SRA), in-debt, mind-controlled) or terminated. Please watch The Batman 2022, “It’s the whole system”, “It’s so much bigger than you can possibly imagine”.

As Barrie Trower (Ex-MI5) put it: “With just one pulse frequency you can make people so suicidal that they can’t be bothered to act like a demonstrator anymore. All they want to do is sleep or lay in bed all day.”

If they are unable to in-debt/blackmail or terminate positive influence (resistance) they orchestrate sophisticated covert ridicule (character-assassination, other-people-get-triggered-from-or-have-mind-controlled-negative-perception-of-you, social-sabotage) campaigns to discredit noble-hearted people.

They try to steer and snuff out all resistance. They think they have everyone in the world society on a leash. They think everyone is controlled, predictable, and under their thumb as they implement (finalize) the NWO with mathematical precision. They are wrong of course but this is what the quantum computer is telling them.

g
Energy Exchange (loosh)

The reason why this energy harvesting is hot or emotional (loosh) as opposed to cold or unemotional (data) is because it is ultimately up to you if your energy is stolen.

Loosh “eating” is a subtle energetic exchange that is able to occur only if the victimized reacts in emotional suffering. It is basically getting a sadistic dominance high from feeling superior to you (humiliative laughter, pseudo-superiority, disrespect). It is psychopathy and sociopathy. It is an unnatural black (synthetic) 6th sense that allows for the cabal and gangstalkers to get high off of you.

For the energy dynamic a useful analogy to think about is a dementor puppet dynamic. Gangstalkers and the cabal operate like dementors from Prisoner of Azkaban 2004 while trying to play you like a puppet. They try to manipulate and sadistically play with your life and suck loosh energy if you emotionally suffer from their torture. They are trying to “sit over your head” and trying to “talk down”.

The cabal and gangstalkers walk around all day basically trying to operate over the heads of the innocent collective and sip loosh at their pleasure. They are operating through their black 6th sense and synthetically (artificially) feel around for energy they can try to leech off of.

The Beast System is trying to slowly maximally covertly torture you to death with scientific precision. It is an attempted Murphy's Law (~80% of all your negative life-experience) to try to squeeze you like an orange (loosh juice) and toss you away when you are depleted (remote hands-free execution).

Gangstalking and cabal parasites are only able to get high off of you if you submit to their torture subtly or overtly (loosh leak). A lot of scalar and situational torture is being done to you constantly without you even realizing it. If you are able to become consciously aware of this subtle reality and maintain a resilient non-reactive courageous psyche in spite of it they will no longer be able to steal your energy. It is like successfully standing up to a bully. This is all an attempted imposed system from the outside and not your reality unless you give into it. You are able to raise your consciousness and live untouched if you connect with God and your Higher Self (I AM).

The Death Sentence

Many cabal and gangstalkers can and will be easily put to death under Galactic Law of the Light Forces for gross violation of human rights, human freedom, and war crime. Gangstalkers believe they are untraceable and are operating under a mass-delusional false-reassurance given to them by the cabal and their demonic/negative-alien handlers. They think they can continue to torture innocent people to death because the system operates covertly, but in actuality all scalar and situational harassment they have participated in has been quantum recorded by positive ETs and Agarthans, who watch over humanity and especially the innocent collective.

There are advanced overarching galactic laws that govern and protect human rights and human freedom in the free cosmos which the Light Forces will enforce as soon as this planet is liberated from cabal control. One very accurate interpretation is catalogued as the Galactic Codex on the 2012portal blog:
https://2012portal.blogspot.com/2012/04/galactic-codex-normal-0.html

But in terms of proxy understanding, the Light Forces are able to use the laws on this planet to charge the cabal and gangstalking collective. Two such examples are the 4th Amendment of the US Constitution and 18 USC 2441 under US war crime law created after the 4th Geneva Convention. The cabal and gangstalkers will either be tried for violation in military tribunal on this planet or galactic tribunal on or off planet.

The 4th Amendment of the US Constitution:
"The right of the people to be secure in their persons, houses, papers, and effects, against unreasonable searches and seizures, shall not be violated, and no warrants shall issue, but upon probable cause, supported by oath or affirmation, and particularly describing the place to be

searched, and the persons or things to be seized."

The cabal and gangstalkers are in constant gross violation of the 4th Amendment. They are surveilling and searching the persons, houses, papers, and effects of the innocent collective 24/7 to a degree where their violation of this law is maximized. It is such a major violation of the human right to be secure it is almost laughable. What is even more fascinating is that many cabal and gangstalkers technically work for the US government, and their breach of the US Constitution will be taken even more seriously.

18 USC 2441 - War crimes under US law:
"
(a) Offense.—
Whoever, whether inside or outside the United States, commits a war crime, in any of the circumstances described in subsection (b), shall be fined under this title or imprisoned for life or any term of years, or both, **and if death results to the victim, shall also be subject to the penalty of death.**

(b) Circumstances.—
The circumstances referred to in subsection (a) are that the person committing such war crime or the victim of such war crime is a member of the Armed Forces of the United States or a national of the United States (as defined in section 101 of the Immigration and Nationality Act).

(c) Definition.—
As used in this section the term war crime means any conduct
(1) defined as a grave breach in any of the international conventions signed at Geneva 12 August 1949, or any protocol to such convention to which the United States is a party;
(2) prohibited by Article 23, 25, 27, or 28 of the Annex to the Hague Convention IV, Respecting the Laws and Customs of War on Land, signed 18 October 1907;
(3) which constitutes a grave breach of common Article 3 (as defined in subsection (d)) when committed in the context of and in association with an armed conflict not of an international character; or
(4) of a person who, in relation to an armed conflict and contrary to the provisions of the Protocol on Prohibitions or Restrictions on the Use of Mines, Booby-Traps and Other Devices as amended at Geneva on 3 May 1996 (Protocol II as amended on 3 May 1996), when the United States is a party to such Protocol, willfully kills or causes serious injury to civilians.

(d) Common Article 3 Violations.—

(1) Prohibited conduct.—
In subsection (c)(3), the term grave breach of common Article 3 means any conduct (such conduct constituting a grave breach of common Article 3 of the international conventions done at Geneva August 12, 1949), as follows:

(A) Torture.—The act of a person who commits, or conspires or attempts to commit, an act specifically intended to inflict severe physical or mental pain or suffering (other than pain or

suffering incidental to lawful sanctions) upon another person within his custody or physical control for the purpose of obtaining information or a confession, punishment, intimidation, coercion, or any reason based on discrimination of any kind.

(B) Cruel or inhuman treatment.—The act of a person who commits, or conspires or attempts to commit, an act intended to inflict severe or serious physical or mental pain or suffering (other than pain or suffering incidental to lawful sanctions), including serious physical abuse, upon another within his custody or control.

(C) Performing biological experiments.— The act of a person who subjects, or conspires or attempts to subject, one or more persons within his custody or physical control to biological experiments without a legitimate medical or dental purpose and in so doing endangers the body or health of such person or persons.

(D) Murder.— The act of a person who intentionally kills, or conspires or attempts to kill, or kills whether intentionally or unintentionally in the course of committing any other offense under this
subsection, one or more persons taking no active part in the hostilities, including those placed out of combat by sickness, wounds, detention, or any other cause.

(E) Mutilation or maiming.—The act of a person who intentionally injures, or conspires or attempts to injure, or injures whether intentionally or unintentionally in the course of committing any other offense under this subsection, one or more persons taking no active part in the hostilities, including those placed out of combat by sickness, wounds, detention, or any other cause, by disfiguring the person or persons by any mutilation thereof or by permanently disabling any member, limb, or organ of his body, without any legitimate medical or dental purpose.

(F) Intentionally causing serious bodily injury.—The act of a person who intentionally causes, or conspires or attempts to cause, serious bodily injury to one or more persons, including lawful combatants, in violation of the law of war.

(G) Rape.—The act of a person who forcibly or with coercion or threat of force wrongfully invades, or conspires or attempts to invade, the body of a person by penetrating, however slightly, the anal or genital opening of the victim with any part of the body of the accused, or with any foreign object.

(H) Sexual assault or abuse.—The act of a person who forcibly or with coercion or threat of force engages, or conspires or attempts to engage, in sexual contact with one or more persons, or causes, or conspires or attempts to cause, one or more persons to engage in sexual contact.

(I) Taking hostages.—The act of a person who, having knowingly seized or detained one or more persons, threatens to kill, injure, or continue to detain such person or persons with the intent of compelling any nation, person other than the hostage, or group of persons to act or refrain from acting as an explicit or implicit condition for the safety or release of such person or persons.

(2) Definitions.—In the case of an offense under subsection (a) by reason of subsection (c)(3)

(A) the term severe mental pain or suffering shall be applied for purposes of paragraphs (1)(A) and (1)(B) in accordance with the meaning given that term in section 2340 (2) of this title;

(B) the term serious bodily injury shall be applied for purposes of paragraph (1)(F) in accordance with the meaning given that term in section 113 (b)(2) of this title;

(C) the term sexual contact shall be applied for purposes of paragraph (1)(G) in accordance with the meaning given that term in section 2246 (3) of this title;

(D) the term serious physical pain or suffering shall be applied for purposes of paragraph (1)(B) as meaning bodily injury that involves
(i) a substantial risk of death;
(ii) extreme physical pain;
(iii) a burn or physical disfigurement of a serious nature (other than cuts, abrasions, or bruises); or
(iv) significant loss or impairment of the function of a bodily member, organ, or mental faculty; and

(E) the term serious mental pain or suffering shall be applied for purposes of paragraph (1)(B) in accordance with the meaning given the term severe mental pain or suffering (as defined in section 2340
(2) of this title), except that (i) the term serious shall replace the term severe where it appears; and (ii) as to conduct occurring after the date of the enactment of the Military Commissions Act of 2006, the term serious and non-transitory mental harm (which need not be prolonged) shall replace the term prolonged mental harm where it appears.
(3) Inapplicability of certain provisions with respect to collateral damage or incident of lawful attack.— The intent specified for the conduct stated in subparagraphs (D), (E), and (F) or paragraph (1) precludes the applicability of those subparagraphs to an offense under subsection (a) by reasons of subsection (c)(3) with respect to (A) collateral damage; or (B) death, damage, or injury incident to a lawful attack.
(4) Inapplicability of taking hostages to prisoner exchange.—
Paragraph (1)(I) does not apply to an offense under subsection (a) by reason of subsection (c)(3) in the case of a prisoner exchange during wartime.
(5) Definition of grave breaches.—
The definitions in this subsection are intended only to define the grave breaches of common Article 3 and not the full scope of United States obligations under that Article.
“

The cabal and gangstalkers are complicit in constant and very serious war crime against the innocent collective. They think that they can get away with it because the innocent collective does not understand the covert nature of the sophisticated torture, cruel and inhumane treatment, maiming, mutilation, murder, biological experimentation, psychological torture, etc. being

imposed upon them by the cabal and gangstalking network.

In reality all of their violations have been recorded by protective surveillance and quantum recording technology of positive ETs and Agarthans. The surveillance of the Light Forces does not violate human rights as the Light Forces have strict galactic protocols aligned with advanced spiritual ethos to honor human free will and protect human rights and freedom, as apposed to the intrusive and violating surveillance of the cabal and gangstalking network. The surveillance capability of the cabal and gangstalking network is in gross violation of cosmic and galactic law because they infringe upon security and privacy, and violate human rights and freedom.

All situational torture ("accidents", psychological torture, harassment, violence, etc.) and scalar torture (bodily pain, artery pinching, biohacking, DARPA N3, etc.) (see the list of electronic harassment and gangstalking tactics under personal energy/health attacks in section f False Slavery Perception of this article or anything I have talked about under section Energy Harvesting (loosh)) has been quantum recorded and tagged to each cabal and gangstalking individual as a total of all the torture against the innocent collective they have taken part in individually.

Scalar torture in particular is quantifiable vector damage done to human biology. Synthetic telepathy alone is technically a DEW that does quantifiable harm to human biology. It doesn't matter if gangstalkers communicate between themselves with BBI (Brain to Brain Interface, synthetic telepathy with Wearables) because they have willingly consented to use the military-grade black technology (as it rots their brains into non-cogniton from intense scalar radiation). But using BBI alone upon the innocent collective is shooting a military-grade DEW directly at the head and doing quantifiable scalar harm to human neurology and biology. The innocent collective has not consented to having military-grade scalar weaponry imposed upon them. And BBI is the bare minimum. All cabal and gangstalkers are constantly participated in much more harmful scalar torture against the innocent collective constantly.

According to Higher Intelligence, if all the torture they have participated in results in a quantum-analyzed equivalent of 1 death to an average human being (modeled with advanced quantum-analysis technology), they can be put to death under galactic—>US law (proxy).

Excerpt from above quoted 18 USC 2441 - War crimes:
"(a) Offense.—
Whoever, whether inside or outside the United States, commits a war crime, in any of the circumstances described in subsection (b), shall be fined under this title or imprisoned for life or any term of years, or both, **and if death results to the victim, shall also be subject to the penalty of death.**"

MIIC

The military-intelligence agencies fund gangs and organize crime. 40% of the crime in the US is directly due to the CIA for profit (See Sue Arrigo's article referenced at the end of the article).

The global military-intelligence agencies (CIA, DARPA, NSA, MI6, FBI, MI5, DoD, USAF intelligence, DIA, etc.) are in actuality large-scale cabal-run criminal organizations (drug trafficking, gun running, child sex trafficking) with a small "friendly" front facade (feigning national security protection). There are many Black-Projects/SAPs behind and around these agencies who attempt to play god with the surface population with The Beast System and technology. There is a lot of intelligence boosting artificially through advanced technology enhancement and genetic engineering (unfortunately this intelligence enhancement often comes with a (hidden) slave-tag/price to negative-aliens/demons who ultimately run the technology). These Black Projects are highly secretive and the cabal has manipulated the system to allow for many high-level security-clearance system layers to attempt to hide their activity. This is the MIIC in the US (and globally) and it is a major functioning body of The Beast System.

In fact most gangstalkers direct report to and are payed by CIA, "ABC" handlers. They have to go through several layers of encryption to get paid and hide the money. Unfortunately most police, medical, law government-industry is completely compromised (coerced or complicit). Most police have synthetic telepathy and are gangstalkers. Most medical doctors are gangstalkers who invade and sabotage your intimate physiology through the Scalar Matrix (try to give you disease and then give you ineffective medicine). Most law (lawyers, judges) has become deceptive through dishonest complicated terminology to manipulate the masses (cabal infiltration trying to hijack honest common law)(thank God for the Constitution and Declaration of Independence). They lowered the standard definition of a "terrorist" in this way so that they could attempt plausible deniability "legally" in targeting the civilian population with this system (even though they are clearly complicit in war crime genocide, they will of course not get away with it through manipulated terminology). All these hijacked cabal/gangstalkers are trying to covertly manipulate and collapse the foundational Republic of the USA from whatever way they are able.

The Italian black nobility and Jesuit Order is ultimately behind everything. They are at the core of all criminality on the planet. They own the MIIC. "All paths lead back to Rome".

Grey Hats

There have been waves of positive military and positive secret-society buildup on this planet in the past 4 decades that have intended on removing the cabal. While there are many good people in the lower ranks of the military, most of the top brass has been completely compromised and corrupted by either power-lust or greed. The "White Hat" factions are now basically operating as another dark faction on this planet. They appose the Italian black nobility in the same way the Rothschilds appose the Italian black nobility. As a collective they have crossed the line that has been quantum assessed by the Light Forces as betrayal and treason to the human collective. The biggest traitors are the "positive" military factions in the USA, as they have genuinely failed to protect the American and free people of this earth and uphold the Constitution.

They are not interested in fully liberating the planet or truly freeing humanity, but would rather create another system with themselves in control. This system would be better than the system

we currently have, but it would still be a controlled system. Basically we are at the point where many Grey Hats need to be arrested alongside the cabal for crimes against humanity by Galactic and Agarthan forces. They have failed in their God-given mission to properly free humanity and have betrayed the human collective. There are many good people in the Grey Hat collective lower ranks and some in the top ranks that have tried their best and they will obviously not be arrested or held to blame.

Black Mirror

Black Mirror is a show devised by the cabal to introduce techno-dystopian concepts the mass-genetic-mind unconscious of the human collective in a strategic and deceitful way. Basically the cabal wants the public to react "You know, even though it's a technodystopia, I kind of like it". The cabal's main tactic for societal control is to try and strip away the natural God-given abundance the human being is afforded through free uncontrolled access to natural resource and then introduce their controlled system as "relief". I recommend watching this show at your own discretion. It can be useful to understand the cabal's agenda as disclosed through this show, but you must be careful not to be swept up in any attempted mind-programming.

Here are some key Black Mirror episodes revealing the Digital World, VR, transhumanism, and NWO techno-dystopian elements:

S1E2 "Fifteen Million Merits"
- loosh farm
- digitalized reality

S1E3 "The Entire History of You"
- chip implants "grain" / transhumanism

S3E1 "Nosedive"
- social credit system

*S3E4 "San Junipero"
- digital world
- digital twin

S4E1 "USS Callister"
- virtual-reality/digital-world torture
- digital twin

S6E2 "Loch Henry"
- psychopathy

Smart Cities

Part of the NWO agenda is try isolate humanity and the innocent collective into controllable, techno-dystopian “Smart Cities”. Basically the cabal is trying to build controlled scalar weaponized torture boxes for everyone to live in. They are trying to turn your house or apartment into a “kill box”, specifically your bedroom. This is to try to make the loosh farm more effective and to try and make you miserable and controlled.

Diagram taken from Sabrina Wallace’s Psienergy PDF:

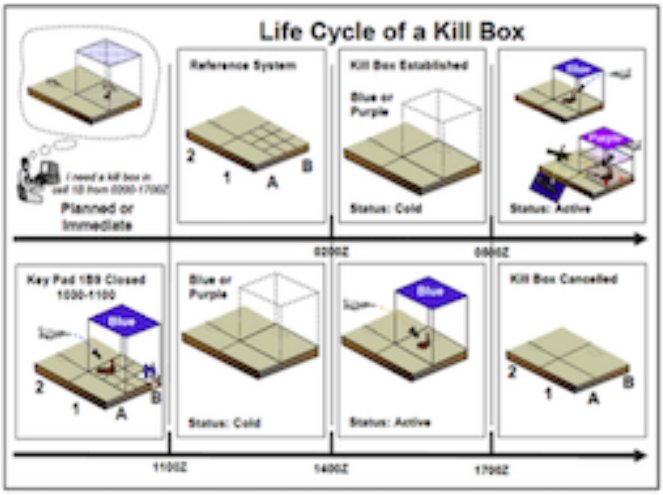


Figure I-1. Life Cycle of a Kill Box

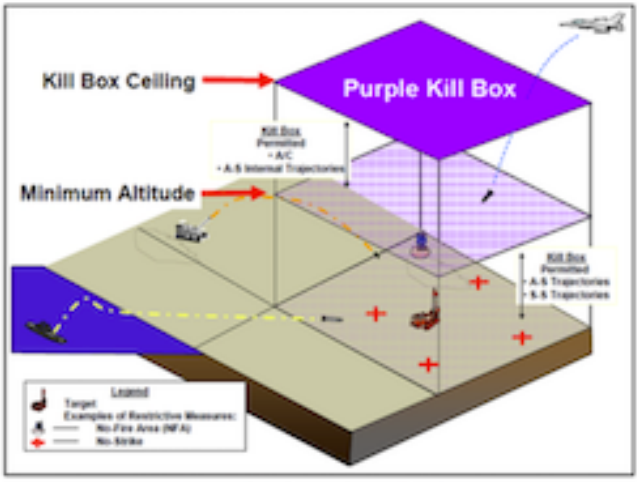

Figure II-2. Notional Purple Kill Box

Negative Alien Agenda

The larger agenda behind the NWO agenda puts things into perspective. The dark hierarchy is built upon deception. All who serve darkness are being manipulated and controlled by those above them. As I have stated, the cabal are ultimately puppets for negative aliens who need a liaison to subjugate the world for them. If the NWO were to be finalized negative aliens were

planning to kill the cabal (cannon-fodder), harvest the majority of the planet, and keep roughly 500 million human slaves to regrow a completely subjugated world slave society ("more complete" loosh-farm). This is where the cabal got the idea (*intentionally planted by demons/ negative-aliens*) for the 500 million humans population control on the Georgia Guidestones ("maintain humanity under 500,000,000 in perpetual balance with nature")(the Guidestones were recently blown up by an *unknown vandal* in 2022).

Please watch Jupiter Ascending 2015.

Fortunately at this present time there are no genuine off-world negative alien threats. All negative alien collectives have basically been checkmated by the Light Forces to their fleeting hostage-control of planet earth. They do not have any external galactic prowess or ability to invade earth from the outside. The last battleground has been strategically isolated by the Light Forces to the proxy infiltration warfare of the surface of this planet through the human collective, and the Light Forces have quantum locked certain victory. It is just a matter of completing the final elimination of darkness with the cabal, the gangstalking network, and the remaining negative entities living underground and in pocket realities of the psychic realm. Most of the negative aliens and demons have been neutralized (surrendered to the Light or soul recycled), but there are still some present currently lying, feigning, and reassuring their cabal and gangstalker cannon fodder that they are still in control.

We are waiting for the final play, where the cabal thinks they can implement the NWO but trips over themselves as they shockingly realize all demonic/negative-alien momentum behind them suddenly runs out. Some cabal higher ups actually know this is the case but cannot say anything because the cabal would all turn on them and freakout. The system would immediately collapse and it would be game over now.

Consent or Resistance

It is important to note that the NWO could only be successfully implemented with gradual mass consent of the surface population. When the cabal is exposed enough the surface population will no longer subconsciously consent to covert cabal despotism and The Beast System will collapse. It is important to stand up for yourself and not consent to the system in whatever way your intuition and logic guide you.

Consent quotes from "Silent Weapons for Quiet Wars":

"Until such energy dominance is absolutely established, the consent of people to labor and let others handle their affairs must be taken into consideration, since failure to do so could cause the people to interfere in the final transfer of energy sources to the control of the elite.
It is essential to recognize that at this time, public consent is still an essential key to the release of energy in the process of economic amplification. Therefore, consent as an energy release mechanism will now be considered."

“Furthermore, the number of such forms submitted to the I.R.S. is a useful indicator of public consent, an important factor in strategic decision making. Other data sources are given in the Short List of Inputs. Consent Coefficients — numerical feedback indicating victory status.”

“Psychological basis: When the government is able to collect tax and seize private property without just compensation, it is an indication that the public is ripe for surrender and is consenting to enslavement and legal encroachment. A good and easily quantified indicator of harvest time is the number of public citizens who pay income tax despite an obvious lack of reciprocal or honest service from the government.”

“The next step in the process of designing an economic amplifier is discovering the energy sources. The energy sources which support any primitive economic system are, of course, a supply of raw materials, and the consent of the people to labor and consequently assume a certain rank, position, level, or class in the social structure; i.e., to provide labor at various levels in the pecking order.”

“If this rise of the lower classes can be postponed long enough, the elite can achieve energy dominance, and LABOR BY CONSENT NO LONGER WILL HOLD A POSITION [WC emphasis] of an essential economic energy source.”

Phoenix USA

The cabal believes the USA was a field project “corporation” for them to manipulate a society to the maximum. In actuality the US is the birth place of the coming Golden Age.

The word America is spiritually powerful and the cabal hates it. That is the real reason why it is politically incorrect now to call this country America, not because all other countries on these two continents get their feelings hurt because they are America too. All other countries call the citizens of the USA “Americans” but ourselves. That is why we all have been programmed to say US without the A. The cabal hates healthy national pride because they are globalists and try to twist/polarize it into either radical nationalism or national apathy.

The USA Founding Fathers made cosmic history when they signed the Declaration of Independence and wrote the Constitution. They established a foundational Republic that will flourish after the cancer of the cabal has been amputated. It will be the foundation for the coming cosmic paradise utopia (for the righteous).

It is wise to prepare yourself for the possibility that some people that you know may be involved in this system without you knowing. In so doing, you will help yourself not be so shocked when it is revealed who the cabal and gangstalkers are. It is about maintaining a healthy relationship perspective through soul-connection and shedding any neediness or lower emotional attachments.

At the time of the imminent collapse of the fiat petrodollar the cabal will make their play but will

be swiftly arrested. All will be disclosed and everyone will be seen for who they are. All cabal and gangstalkers will be held accountable for severe crimes against humanity, except for some who secretly were working for the Light Forces within the system. Souls of certain beings who will refuse or be unable to return to the Light will be dissolved and recycled.

In the meantime you should meditate with God and your Higher Self regularly to heal and protect yourself. The Beast System acts as an invisible parasite to your life vitality. Now that this hidden enemy is more identifiable to you (as a single system) you can better consciously dissociate yourself from it. You should energetically disconnect from your Digital Twin by embodying your soul and taking your power back from the system and technology. You own and use your computer, your computer does not own or use you. Prince said it in a speech in 1999. If you have any you should lose leftover subconscious respect for the psychopaths and sociopaths of the cabal and gangstalking network so they cannot steal your energy. When you choose not to emotionally suffer (loosh-leak) and stop feeding them your subconscious attention their ghost surveillance-harassment, social sabotage, scalar torture, and sadistic humiliative pseudo-superiority laughter (attempted loosh harvesting) can no longer touch you.

The cabal will make their final play for the NWO and be put to trembling knees before God. The wolf will go for the sleeping lamb's neck. In the final moment the wolf will be in great confusion as the lamb's small neck has become a great mane. Then the wolf will be in great distress. He realizes he has been fooled through lazy eyes as he stands before a great lion. The dog is now a hyena without his pack before a true predator. The lion is upset he has been disturbed from his rest. What is the timid hyena's fate?

MARCHING ORDERS

Armed with this information weapon it is the will of the author and compiler that the reader take aim and blast the cabal in its black heart and assist in the liberation of the earth and its denizens from the electro-magnetic matrix it has been imprisoned in. Rend the veil of appearances the hidden hand has blinded humanity with and let the light shine upon a new world of harmonious

order.

This leaked Bilderberg group (cabal/Illuminati) document details the quantum computing aspect of The Beast System straight from the horse's mouth. This is basically a gangstalker's handbook, but it is more about meta-data collection for social-automation and social/financial sabotage, not yet disclosing the scalar harassment. Scalar harassment through the Scalar Matrix and WBAN has been really established since 1995—before this the Scalar Matrix system was developing (through cell towers, wifi, satellites, etc.) but cabal gangstalking was more oriented towards social-automation and situational/financial harassment with quantum computing.

Source of HAARP being played as a “harp of suffering” over the masses by Italian black nobility. A lot of exposing information and intelligence on the cabal, gangstalkers, and especially the Italian black nobility which is important. The Italian black nobility and jesuit order try to hide behind the Rockefellers, Rothschilds, Illuminati, cabal, etc. to try to throw them under the bus because the Italian black nobility is ultimately behind all cabal criminality and at the head of the cabal. The awakened community needs to focus their attention upon the Italian black nobility and jesuit order and know that the Rothschilds and the rest of the cabal operate underneath them.

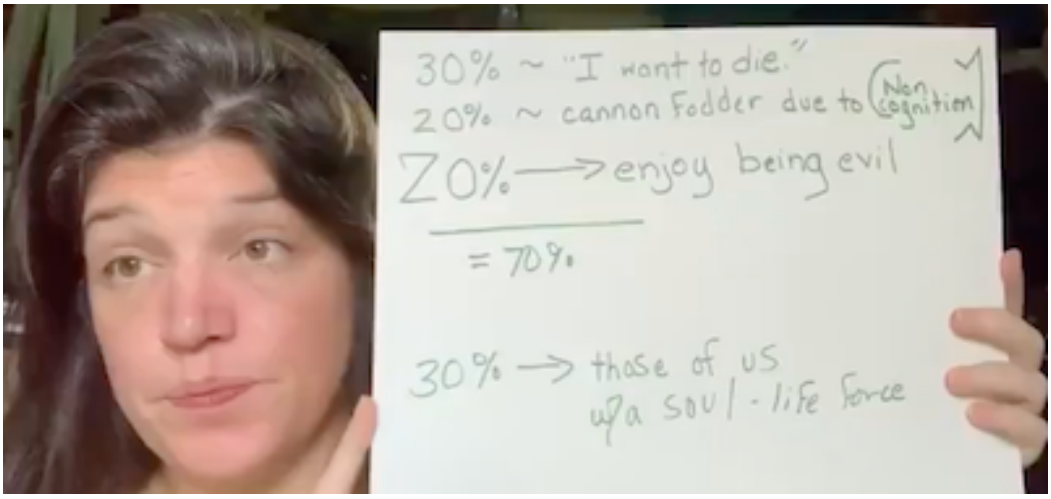
Sabrina Wallace Expanded



I believe Sabrina Wallace when she says that 70% of the population is involved. I have other confirmations of such an unbelievably astronomical figure. She was involved in the system and brave enough to defect and expose it for humanity. There are other cabal defectors that would like to disclose this information (gangstalking, 70% gangstalkers, Scalar Matrix), but it is difficult because they are monitored and harassed by the cabal.

"If you have knowledge ahead of time, you're not going to be afraid and you're going to be better prepared to observe your environment, topologically epigenetically and really understand that people who are **complicit in all of this stuff that's really evil.** They will tell you your bio-field's not real or they won't talk about it and then if they're involved **and about 2/3 (of say pardon my face) of this country is involved** they'll just pretend it doesn't matter and that it can't affect me."

Key video 2: https://rumble.com/v3nksim-hunting-games-are-coming-sabrina-wallace.html https://rumble.com/v3zjb2a-sabrina-wallace-psinergist-funnies-oct.-05-2023.html

@18min

That's why what I'm telling you, as crazy as it may sound. **It's an engineered plan from 300 years ago.** You didn't change anything at all, not even a little. And that's why I keep pointing out to people, they don't want to change anything. They **want to hybridize** [transhumanism], they're going to go forward, you cannot stop them. We can survive around them while they do it, but this much work into what I continue to show people evenly. Okay- **they have you down to the bone marrow, they do not have to get out of bed, they hit a button on their phone and they make a change to your bone**. Your going to behave- oh your going to do more than that, they'll turn you into things sick you in the wall, do what you saw in **the Matrix movie** just take your mouth away and then put it back. It's easy, very easy. Because you're a plasmonic being and everybody just decided that wasn't important, they needed to keep this body-part [bio-field] to themselves, go to work with it, **develop the WBAN to the point where you can do all the things you see right here** [watch video, list of manipulatable biotelemetered body functions and other ways gangstalkers attack through the Scalar Matrix and WBAN]. Stegrocommunications commissions to **mandate all of this you see right here on a button press on a cellphone in 2014**. So as you're listening to me tell you all that and you're thinking I'm nuts right? Okay turn the brain on to the years I'm showing you and how long they've been doing it in college. **This is not Illuminati in the dark**, **I've been trying to help people understand that. These are jobs**. So now I'm watching your photons with diagnostic tools. Not even watching your photons in the regular laboratory way. It's wireless, opt-o-array, meaning **I'm watching from my cellphone in my bed, changing your DNA in your head, in real-time,** not a problem no big f*cking deal. I've got medical implant communication (MIC) here and human body communication (HBC) here. **Hitting buttons all night long, who gives a f*ck? You do, your family does, they don't . Now consider that torture is something that they enjoy, they make it a sport, and some of them make it an art. And to the rest of them, that is what it is. Like Jessie Shiboter (?) talked about their "artwork". And they don't like music, they like human screaming and human pain, these are all very real things. Oh here we go again "I didn't grow up like you oh my God", well I'm so sorry, they're the people that run the world because your good friends and neighbors, um, they've been going to work all this time on systems like this telling you "oh they're just so stupid, they just have no idea", "would you please put your mask back on and shut up, why are you reading, uh so dumb". And you're still listening to them going "but they're so pitiful, they just don't know!". Are their bank accounts fat? Are they good to go? Did they have any issues dancing on their TikTok videos while people died and we injected neurotoxins into our children and elderly?** So now you introduce the gr* aphene [I am separating this word due to cabal pl* andemic c* ovi* d "fact checking" suppression and censorship] and we've got one layer thick here but as the lady on the WEF stage mentioned we've got micro-biomes in play as well and we just play lego blocks, synthetic legos and do whatever we want. One cell at a time? **F*ck that we got the whole micro-biome** [they are attempting to bio-hack human skin]**.** This is in 2018 **nano tunable antennas** [Wearables], plasma-polaritons, the 6G meta-materials [nano-tech] 2018. Who knows about it? What about the virtual light communication and your opsins and how easy it is to manipulate you with optogenetics. Who knows about it? Well I got bad news for you. What I told everybody originally, on of my original signs, I said, any little nerd

who can program in Zigbee and Bluetooth knew, knew, about them biosensors [scalar-identifiable nodes on the human body and bio-field through the Scalar Matrix] . Zigbee and Bluetooth, the relay ones. 2005. Wanna do construction? **“I’m just a dumb construction worker I don't know nothing” Bullshit. “They’re masons, they build things:. Yup, and they get payed, drink beer at the good ol’ boys club and shut the f*ck up to everybody else hahahaha.** And I said are you going to hold them accountable. No. So then why aren’t you asking your congress, or anybody, **to hold accountable your own family**. **These are people you are living around. And they’re still playing stupid and you’re letting them. Everyday. 18 years old.**

@45min

“God is the way out for all of this for the hybrids and all the different things they’ve done. We are not in a good situation, because again what I’m telling you, they’re gonna go forward because they have it. They have 70% of our population. “I would rather die” don’t want to fight too lazy. “Cannon fodder no cognition” , and about 20% of them just enjoy being evil, because I’m trying to be kind. And the 30% that want to die they’re probably already disabled or in pain. So the 30% of us that still have a soul and life force, we’re fighting against 70%.”

…

“**These people know what they’re doing, they know what they did, they enjoy it**, and they’re going to get away with it*, because, like I keep mentioning about the corporation, you’re sitting there telling me that we need the boss to come down here and spank everyone individually? **How about standing up to or own friends and neighbors that refuse to admit to what they do for f*cking work for almost 20 and 30 years.** That would engender an intellectual discussion. The problem is then you would say who are you working for and then turn it off and **that’s when you’ll see the big show [Behind The Beast]**. Why? They’re never going to let it get that far. **There’ll be a continued control crisis to crisis controlled downturn until they get what they want [gaslighting, situational sabotage]**. I hope that answers your question.”

*The cabal and gangstalkers do genuinely believe they are going to get away with it, aside from certain members who are “in the know and secretly terrified but can’t show it”. They are all reassured through mass delusion in the black reality they are operating in. They think the system is remaining fully functional and finalizing the NWO. Their computers are telling them it’s mathematically secured and the their remaining demonic/negative-alien contacts are reassuring them that it’s all under control. They feel protected in the Scalar Matrix between the DUMBS below and the black-budget craft above, not realizing that the Light Forces of the Agarthans below and the Galactics (Pleiadians, Sirians, Arcturians, Aldebarans, Andromedans, Taygetans, Galactic Central Races, WingMakers / Cosmic Central Race, etc.) above are about to intelligently collapse the whole system and breakthrough at the Event that Cobra talks about at http://2012portal.blogspot.com
